General NOTES:

- Define "CUSTOM" page size, 36" x 48" Landscape.
- Keep at least 1.25" margins on ALL borders otherwise text/graphics will be "clipped".
- Keep file size to below 5MBytes to avoid memory issues.
- ONLY jpg graphics --- NO metafile, etc.
- This template shows the **maximum** useable space. Be sure to allow for sufficient space around your panels, otherwise your poster will become "cluttered". You can eliminate some boxes and expand others, if you wish.
- Keep the background WHITE, otherwise you will use A LOT of ink!!
- minimum text size font is 18 point.

• You should delete and/or change the sizes of the text/figure boxes as needed according to the content.
