In Vivo Therapeutics Core Service Rate Schedule

Contact	Xiaohong Li, Ph.D., Director, In Vivo Therapeutics Core (IVTC)
Consultation	Free
Work Order	To be created for each project

Controlling terms: Rates is in effect on the date a Work Order approved for a project. Later revisions are prospective and do not change an approved Work Order unless documented in a written change order. If this schedule conflicts with an approved Work Order, the Work Order controls.

1. Animal supply

Strain / source	Age	Sex	Internal base rate	NOCRI member rate
NSG (JAX 005557)	3-4 weeks	Female	$50 / mouse	10% off / mouse
NSG (JAX 005557)	3-4 weeks	Male	$50 / mouse	10% off / mouse
NSG (JAX 005557)	5-7 weeks	Female	$60 / mouse	10% off / mouse
NSG (JAX 005557)	5-7 weeks	Male	$60 / mouse	10% off / mouse
C57BL/6NJ (JAX 005304)	3-4 weeks	Female	$16 / mouse	10% off / mouse
C57BL/6NJ (JAX 005304)	3-4 weeks	Male	$16 / mouse	10% off / mouse
C57BL/6NJ (JAX 005304)	5-7 weeks	Female	$20 / mouse	10% off / mouse
C57BL/6NJ (JAX 005304)	5-7 weeks	Male	$20 / mouse	10% off / mouse
GEMM colonies	Variable	Variable	From $60 / mouse*	10% off / mouse

***GEMM pricing:** Final pricing depends on genotype, breeding complexity, colony maintenance, cage duration, colony recovery, animal availability, and project requirements. A project-specific estimate is required.

2. Study-design and administrative services

Service	Billing unit	Internal base rate	NOCRI member rate
Routine technical staff support not separately itemized below	Per hour; 0.5-hour minimum	$55	10% off
Scientific consultation, study design, data interpretation, or advanced reporting	Per hour; 0.5-hour minimum	$85	10% off
Project initiation, budget and billing setup, and closeout	Per Work Order	$90	10% off
IACUC amendment, SOP, or project-documentation support	Per hour	$55	10% off
Experimental-technique training	Per trainer hour	$55	10% off

3. Animal procurement and transfer

Service	Billing unit	Internal base rate	NOCRI member rate
Vendor animal-purchase coordination; animal and shipping costs excluded	Per order	$55	10% off
Internal animal-transfer coordination	Per request	$85	10% off

Service	Billing unit	Internal base rate	NOCRI member rate
External import/export coordination; testing, shipping, and quarantine excluded	Per request	$260	10% off

4. Tumor-model establishment and surgical procedures

Service	Billing unit	Internal base rate	NOCRI member rate
Subcutaneous tumor-cell inoculation	Per mouse	$15	10% off
Intravenous/tail-vein tumor-cell inoculation	Per mouse	$12	10% off
Intracardiac tumor-cell inoculation	Per mouse	$35	10% off
Intratibial tumor-cell inoculation	Per mouse	$45	10% off
Orthotopic tumor implantation	Per mouse	$60	10% off
PDX or tumor-fragment implantation	Per mouse	$75	10% off
Castration, ovariectomy, or primary-tumor resection	Per mouse	$75	10% off
Complex survival surgery or device implantation	Per mouse	From $100; quote required	10% off

5. Drug administration, monitoring, and sample collection

Service	Billing unit	Internal base rate	NOCRI member rate
Basic dosing: oral gavage, IP, SC, or IM	Per mouse per dose	$4	10% off
Advanced dosing: IV or intratumoral	Per mouse per dose	$10	10% off
Staggered, PK, or other time-critical dosing/collection schedule	Per technician hour	$55	10% off
Body-weight measurement	Per mouse per time point	$3	10% off
Clinical observation or body-condition scoring	Per mouse per time point	$5	10% off
Caliper tumor measurement	Per mouse per time point	$6	10% off
Live or terminal blood collection	Per mouse per sample	$8	10% off

6. Imaging services

Service	Billing unit	Internal base rate	NOCRI member rate
Bioluminescence/fluorescence imaging with basic data export	Per instrument hour; 1-hour minimum	$100	10% off
X-ray or bone-lesion imaging	Per hour; 0.5-hour minimum	$75	10% off
Body-composition measurement	Per hour; 0.5-hour minimum	$55	10% off

7. Endpoint and specimen services

Service	Billing unit	Internal base rate	NOCRI member rate
Euthanasia and disposal only	Per mouse	$2	10% off

Service	Billing unit	Internal base rate	NOCRI member rate
Basic necropsy and collection of up to 5 standard tissues	Per mouse	$18	10% off
Expanded necropsy and collection of 6-10 standard tissues	Per mouse	$30	10% off
Perfusion or specialized tissue dissection	Per mouse	$45	10% off
Sample processing: serum/plasma separation, aliquoting, fixation, or snap-freezing	Per technician hour	$55 + supplies	10% off

8. Data analysis and reporting

Service	Billing unit	Internal base rate	NOCRI member rate
Advanced image analysis	Per scientific staff hour	$85	10% off
Publication-quality figures	Per scientific staff hour	$85	10% off
Interpretive report	Per scientific staff hour	$85	10% off

9. User categories

User category	Rate structure
NOCRI members	10% of the standard internal base rates
Other University of Toledo departments	Internal base rate
External academic, nonprofit, government, or commercial users	Quoted individually following required institutional review

10. Billing rules and exclusions

- Per-mouse charges apply to each procedure, dose, collection, or time point unless the billing unit states otherwise.
- Animal purchase or colony charges do not include DLAR housing/per diem, veterinary services, health testing, quarantine, shipping, containers, or external vendor charges.
- Cells or PDX material, drugs, formulations, special diets, reporter substrates, anesthesia/analgesia, specialized consumables, pathology, external assays, and other pass-through costs are billed separately unless expressly included in the Work Order.
- Weekend, holiday, and after-hours work is billed at 2.0 x the otherwise applicable rate. Feasibility and staffing must be confirmed in advance whenever practicable.
- Project-specific quotes and recharge estimates are prepared from this schedule and documented in the approved Work Order. Actual authorized charges may reflect completed units and allowable pass-through costs.
- Collaborative projects use the applicable rate structure unless a subsidy is approved in writing. Pricing or subsidy status does not determine authorship, inventorship, or grant roles.
- Rates are reviewed at least annually. Revised rates apply prospectively as stated in the controlling terms above.
- External academic, nonprofit, government, or commercial users: case-by-case rate and separate institutional review; applicable indirect, contracting, shipping, quarantine, and external-service costs may be added.
- NOCRI-supported subsidies or exceptions: must be documented in the Work Order and approved by NOCRI Administration and the appropriate fiscal authority.
