

Wireless Network for Streaming Devices

Information Technology is demoing a service that will allow streaming devices to connect wirelessly.

- Users are invited to enroll their wireless enabled devices at <https://clearpass.utoledo.edu/guest>.
 - This can only be done from a computer/mobile device that is connect to ResNet.
- After enrollment they can then connect to the SSID UTGaming
- **At this time** Mirroring services such as Airplay, Chromecast, Cast are not compatible.

Part 1: Enrolling Gaming Systems in ClearPass

1. Visit clearpass.utoledo.edu/guest from a computer/phone that is on **ResNet** wired or wireless
2. Login with your UTAD username ((ex. Jsmith4)) and Password

Operator Login	
Username:	<input type="text" value="jgalamb"/>
Password:	<input type="password" value="••••••••"/>
<input type="button" value="Log In"/>	

3. Click Create Device

The screenshot shows the Aruba ClearPass Guest web interface. At the top left is the 'aruba' logo. The main header is 'ClearPass Guest'. On the left, there is a navigation menu with 'Guest' selected, containing links for 'Start Here' and 'Create Device'. The main content area is titled 'Guest Manager' and shows a 'Last successful login' message from 131.183.15.16 on Wednesday, 07 August 2019, at 2:59 PM. Below this is a 'Guest Account Management' section with a 'Create Device' button and a description: 'Set up a new device for MAC authentication.' There is also an 'About Guest Network Access' section with instructions on how to connect to the wireless network named 'Aruba'. At the bottom, there are 'More Options' including a 'Back to main' link.

4. Fill in the information requested in the fields
 - a. **Device Name**-A name to identify the device
 - b. **MAC Address** of Enrolled Device (Please call the ITHelpDesk 419.530.2400 for assistance in locating your MAC address)

The screenshot shows the Aruba ClearPass Guest web interface. The top navigation bar includes the Aruba logo on the left and 'ClearPass Guest' on the right. A breadcrumb trail reads 'Home » Guest » Create Device'. The main content area is titled 'Create Device' and contains a registration form for 'ResNet Gaming Console Registration'. The form has three input fields: 'Device Name' with the value 'jgalambkbox', '* MAC Address' with the value '01:23:F2:35:34:F5', and '* Registered By' with the value 'jgalamb'. A 'Create Device' button is located below the form. A legend indicates that an asterisk (*) denotes a required field. A 'Manage my devices' link is visible at the bottom of the form area.

ResNet Gaming Console Registration	
Device Name:	jgalambkbox <small>Name of the device.</small>
* MAC Address:	01:23:F2:35:34:F5 <small>MAC address of the device.</small>
* Registered By:	jgalamb

5. Click Create Device.
6. Now you're done registering the device!

Part 2: Connecting your Enrolled Device

1. Connect to wireless network UTGaming
2. Provide feedback via ITHelp@utoledo.edu
