Disclosures

No Planners, Presenters, Designers listed above have any financial interest or other relationship with any manufacturer of commercial product or service to disclose.

Activity Objectives:

Recognize the changes in the current medical educational curriculum which emphasize early clinical experiences for medical students.

Explain the systemic changes that have occurred in the current medical educational system in order to develop appropriate educational objectives and expectations for learners.

Summarize the UT College of Medicine and Life sciences curriculum changes which include both early exposure to the clinical setting and integration of foundational and clinical sciences throughout the four year curriculum.

Identify fundamental changes in the practice of medicine which influence medical education such as use of telemedicine and electronic medical records.

Accreditation Statement

The University of Toledo is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Toledo designates this educational activity for a maximum of .50 *AMA PRA Category 1 Credit(s)*.TM Physicians should claim only credit commensurate with the extent of their participation in the activity.
