

## GRADUATING FROM THE PROGRAM

Students who are graduating from the program must notify their Major Advisor.

You will be scheduled for an exit interview and at that time your Major Advisor will ask that you do the following:

- Provide a forwarding address and phone number.
- Turn in your keys to Campus Police. Do not give them to another staff member
- Fill out a program evaluation
- Contact the Graduate School to make sure they have all the necessary paperwork, and to give them time to do an audit of your file.
