Universal Scholarship Application Form

NAME _____
Last First Middle initial

ADDRESS _____
Number/ Street

_____ City State Zip Code

PHONE NUMBER: (____) _____ ROCKET NUMBER _____

Undergraduate GPA _____ Graduate GPA _____ Graduation Date _____

Please indicate the scholarships for which you are applying and attach the completed applications.:

Nadeem Khan Scholarship

Justin Walker Lone Star Medical Physics Scholarship

COMMITTEE MEMBERS

Mersiha Hadziahmetovic, M.D., Department Chair
Nicholas Sperling, PhD., Assistant Professor
Kaiming Guo, PhD, Associate Professor
Sulaiman Aldoohan, PhD, Associate Professor
Mary Taylor, R.T.(T)

DEADLINE is March 1st.

Please return completed application electronically to:
Shelby.Clauson@utoledo.edu
Department of Radiation Oncology
3000 Arlington Avenue, MS 1151
Toledo, OH 43614
419-383-5433

I certify that the information contained in this application is complete, accurate, and true. I understand that any misrepresentation of facts on this application could be cause for revocation of the scholarship.

Justin Walker Lone Star Medical Physics Scholarship

Justin Walker, a medical physicist, alumni from 2013 and Texas native, is committed to supporting the next generation of professionals in the field. Recognizing the importance of education and innovation, he has established the Justin Walker Lone Star Medical Physics Scholarship. This award provides financial assistance to dedicated graduate students pursuing a master's degree in medical physics at the University of Toledo Medical Center. Justin's goal for this scholarship is to help alleviate the financial strain on students and to encourage a genuine passion for medical physics, paving the way for their future contributions to healthcare and scientific advancements.

Selection Criteria

- **Academic Excellence:** Applicants must have a minimum GPA of 3.0 in their graduate studies, demonstrating solid academic performance in the field of medical physics or a related field.
- **Creative Problem Solver:** Applicants have the option to submit either a one-page paper or a 2-minute video explaining a complex medical physics concept in simple terms or demonstrating an innovative approach to solving a problem in the field.
- **Medical Physics Meme Contest:** To showcase their sense of humor and ability to engage with the field in a fun and light-hearted manner, applicants must create an original medical physics meme and submit it as part of their application. The meme should be entertaining and related to medical physics; it does not necessarily have to be educational.

The applications will be reviewed by the radiation oncology scholarship committee. Applicants must be current students in the MSBS in Medical Physics. The committee will use the above criteria as a guide to determine the most eligible student applicant to receive the award.

How did you explain a complex medical physics concept in simple terms or demonstrating an innovative approach to solving a problem in the field?

- One page description – attached; or,
- 2 minute video

If you submitted a video, please enter the URL below:

Where can we find your original medical physics meme? (Enter URL or attachment below)
