TOUR OF THE HOSPITAL

Course Description:

The Bridge Course is designed to introduce incoming third year students to clinical rotations. The Course includes approximately 20 hours of didactic sessions followed by small group breakout sessions that include topics such as clinical skills (including but not limited to presenting information on rounds, writing notes and orders, team leadership, and communicating with patients). Students are exposed to important concepts associated with clinical practice and provided opportunities to understand concepts related to professionalism, clinical knowledge, systems based practice and life long learning.

Small group room assignments for Monday 6/28 - Thursday, 7/1 from 1:30-2:30 and 3-4 pm are as follows:

Clinical presentations: Room 110 HE all 4 days
Documentation & Note writing Workshop: Room 103 HE all 4 days
Admission, order, and Prescription writing: Room 105 HE all 4 days
Team Leadership: Rm. 3413/3415 Collier Building all 4 days
Procedural Skills: Room 0206 Collier Building: all 4 days
Laboratory Diagnostic Workshop: Room 2315A/B Dowling Hall all 4 days
Radiology Workshop: Room 100 HE M, W, T (**Hospital Radiology 1217 on Tuesday**)
Physician-Patient Relationship: Rm. 2403 Collier Building all 4 days
