

<u>Title of Elective:</u>	Acting Internship in Ambulatory Obstetrics and Gynecology - TTH
<u>Elective Type:</u>	Fourth Year Elective
<u>Department:</u>	Obstetrics & Gynecology
<u>Clerkship Site:</u>	The Center for Health Services, ProMedica Outpatient Offices and Toledo Hospital
<u>Course Number:</u>	OBGY702
<u>Blocks available:</u>	All
<u>Number of students per block:</u>	1
<u>Faculty:</u>	Sonyoung Seo-Patel, MD; Megan Lutz, MD;; Cathy Van Hook, MD; David Harper, MD
<u>Elective Description/ Requirements:</u>	Student will be integrated into the ambulatory obstetrics and gynecology service at the ProMedica Center for Health Services. This site provides care to a wide demographic range of patients, often with significant medical co-morbidities and numerous social determinants of health issues. The student will participate in the care of prenatal care patients, general office gynecology as well as preoperative visits. The student is required to carry out a literature review of a relevant obstetric or gynecologic topic and make a 30 minute presentation to the attendings, residents, and clerkship students OR create an educational tool for student education.
<u>Length of Elective:</u>	4 weeks
<u>Links to Core Competencies:</u>	<u>Educational Course Objectives:</u> At the end of the rotation the student will be able to:
PC1, PC3	1. Independently collect focused and comprehensive obstetric and gynecologic patient histories.
PC2, PC3	2. Independently perform focused and comprehensive physical examinations for obstetric and gynecologic patients
IPC1, IPC2	3. Prepare organized, appropriately focused, and accurate oral patient presentations.
PC4	4. Document a clinical encounter in the electronic health record (e.g. History & Physical exam, office note, procedure note, orders)
PC7, PC8	5. Integrate diagnostic and clinical information to formulate a primary and complete differential diagnosis.
PC8, PC10, PC11, SBP5	6. Develop a prioritized management plan for a prenatal patient or gynecologic patient and describe a rationale for the clinical plan, incorporating consideration of fetal and/or maternal diagnoses for obstetric patients and co morbidities for gynecologic patients.
MK6, 7, 8, 9, 11, PC5-8, MK12	7. Provide contraceptive counseling individualized to the patient's context
MK3-7, PC3, SBP3, MK12	8. Describe the screening tests appropriate for an annual exam based on age and risk factors.
SBP1-5, PB6	9. Apply the principles of health systems science in addressing clinical care issues for your patients.
PBL 1-3	10. Incorporate feedback, self-reflection and improvement into daily practice.
<u>Professionalism:</u>	UT/COM students will meet or exceed the institutional standards for professionalism as stated in the current Educational Program Objectives and the current Educational Course Objectives for the Sponsoring Department.
<u>Instructional Methods:</u>	1. Clinical experience – providing care to obstetric and gynecologic patients at the CHS. 2. Conferences --attend Grand Rounds, M&M, journal club, multidisciplinary patient care conferences and applicable resident didactic teaching sessions. 3. Assigned reading
<u>Evaluation methods employed:</u>	1. Preceptor assessment 2. 30 minute presentation of pertinent researched topic as approved by one of the above listed Attendings OR create an educational tool for student education. 3. Completion of hours log 4. Completion of 2 new patient History and physical exams or consults 5. 2 24 hour calls in Labor and Delivery or with gynecology coverage resident—assigned dates to be discussed with clerkship coordinator.
<u>Prerequisites:</u>	Successful completion of third year required clerkships in OB/GYN, and Medicine Required Reading (see syllabus)
<u>Special Requirements:</u>	Two 24-hour call duties. Dates to be determined with Clerkship Coordinator.
<u>Clerkship Director:</u>	Catherine Van Hook, MD
<u>Clerkship Coordinator:</u>	Tammy Brittian
<u>Phone Number:</u>	419-291-3122
