

Name: _____ Degree: _____
Specialty: _____
Address: _____
Phone: _____ Email (Required): _____

Learning Objectives: Participants will be able to:

- 1- Describe a program of assessment
- 2- Differentiate between program of assessment and programmatic evaluation
- 3- Define formative assessments and their role in program of assessment
- 4- Define summative assessments and their role in a program of assessment

Commitment to Excellence in Medical Education: Faculty Development Series

Paul Hemmer, M.D.

A Program of Assessment Considerations for Formative and Summative Assessments

Date of Session: February 24, 2017

Please check the appropriate answer and follow instructions below to obtain CME credit.

1. Programmatic assessment can be described as
 - a. A cohesive whole of multiple components that provides insight into trainee progress
 - b. Being comprised of multiple facets and actors
 - c. Needing to be planned along with curriculum rather than after
 - d. All of the above
 - e. None of the above
2. Principles of programmatic assessment include
 - a. Any single assessment data point is flawed
 - b. Understand the stakes of the assessments
 - c. Assessment drives learning
 - d. Expert judgment is imperative
 - e. All of the above
3. Sources of validity evidence for assessment can include
 - a. Content
 - b. Internal structure
 - c. Association with other variables
 - d. Consequences
 - e. All of the above
4. Assessment and learning are related in that
 - a. Testing can potentiate learning
 - b. Learning is more durable with longer study time
 - c. Interleaving (integration) of different types of practice problems can enhance learning
 - d. All of the above
 - e. None of the above
5. A framework for programmatic assessment suggests that one should begin by
 - a. Stating a clearly defined, overall purpose of the program
 - b. Understanding the availability and limitations of infrastructure
 - c. Involving multiple stakeholders
 - d. All of the above
 - e. None of the above

Did the educational content cover the described objectives: Yes No
