President's Recommended Budget

For the Fiscal Year Ending June 30, 2016

(revised post state budget approval)

To: Members of the Board of Trustees Finance & Audit Committee

The University of Toledo

From: Tom Biggs, Interim Sr. VP of Finance & Administration

Date: June 15, 2015

Re: President's Recommended Budget for FY 2016

On behalf of Dr. Nagi Naganathan, I am pleased to submit the attached President's Recommended Operating Budget - FY 2016 for your review.

Over the past few years of reduced revenue, the University of Toledo has maintained its financial position by containing spending. We approached the FY 2016 budget development as a year of transition in which we have attempted to invest in areas that will ultimately increase enrollment, reduce future expenditures, increase student and patient satisfaction, improve patient safety and improve operating efficiency. In addition we have worked to make operating budgets whole by addressing issues that were previously left unresolved. The recommended budget is a positive cash flow.

The above priorities are funded by a reduction to capital expenditures which are approximately 40% of funded depreciation. However, in December of 2014 the BOT approved a supplemental capital expenditure of \$28 million which helps address the shortfall in budgeted capital expenditures in FY 2016. Over the next five years, we must return to a balanced operating budget that allows us to invest in capital equal to our annual depreciation while strengthening our overall financial condition.

As part of this transition year, we committed to developing an all-inclusive University of Toledo budget that includes all funds of the UT and is presented in the Government Accounting Standards Board format consistent with our year end audited financial statements. This change will allow us to easily compare actual to budget for the entire university on an ongoing basis during the course of the year.

The process used to develop the academic budget was highly participatory and transparent with many weeks of budget meetings. These discussions were very interactive. The president's Senior Leadership Team, the University Council and their Finance and Strategy Sub-committee were actively involved in the budget development process from the early stages of development of budget assumptions to the final product.

The clinical budget was also participatory over many weeks of budget meetings, including management and physician engagement. Like the rest of the university the current financial resources of the medical school and clinical enterprises are challenged but stable. As in previous years, the clinical enterprise budget focuses on improving the quality, safety and satisfaction outcomes of the patients.

Academic List of Key Budget Assumptions

Enrollment

2% increase in undergraduate enrollment

0% increase in graduate enrollment except for a few select programs

Tuition and Fees

2% increase in undergraduate tuition

2% increase in general fee

Graduate tuition and fees as follows:

13% decrease for Law tuition

1% increase for Medical School tuition

2.5% increase for PharmD tuition and fees

0% increase for DNP tuition and fees

0% increase for Business School tuition and fees

0% increase on the average for all other graduate programs

6% increase for continuing students and 9% increase for new students in the following programs:

Occupational Therapy Doctorate

Physical Therapy Doctorate

Physician's Assistant

Speech Language Pathology

Masters in Medical Sciences

State Share of Instruction

1.8% increase in SSI consistent with the new formula for distribution

Scholarships

Scholarships increased \$ 7.4 million and 7.5% from the FY2015 budget as a result of a strategic investment in scholarships to increase retention, increase the quality of students receiving scholarships, and to increase our net tuition in future years.

Salaries and Benefits

2% increase in wages for non-union salary groups

Increases for union salary groups according to contract

Increase in benefits to recognize the above salary increase and projected increases in the cost of our existing health benefits.

Non-salary expense

Utility expense was increased 9.4% (\$1.5 million).

2% inflation increase for other non-salary items when justified during the budget hearings

Contingency

\$4 million contingency, which is a reduction of \$1 million from the FY 2015 budget

Clinical List of Key Budget Assumptions

Revenue

3% price increase (\$340K cash improvement) \$4M revenue cycle improvement 3.5% increase in surgical volumes

Salaries and Benefits

1% inflation of salaries based on union contract Increase in benefits to cover the above salary adjustment and projected increases in the cost of our existing health benefits

Operating Expenses

3% inflation for supplies \$1M supply expense reduction initiative \$1M overhead expense reduction initiative

Explanations of Unusual Line Items - Academic Enterprise

These statements are presented for internal use in establishing the budget and are not intended to reflect the financial statements in accordance with generally accepted accounting principles.

Line

- Student Tuition & Fees The increase in this line item is a result of various adjustments to tuition and fees (see Listing of Key Budget Assumptions). The enrollment reflects FY2015 Actual enrollment data and a projected increase of 200 undergrad students. Off-setting these increases is a \$3M decrease in revenue due to the planned change from 12 to 9 credit hours being considered full time (for most Graduate programs). There is a matching reduction in the benefits line to balance this reduction in revenue (based on graduate fee waivers that will not be needed). Additionally the Library Research fee is being increased to help offset the increase in costs for OhioLINK (offset in the Information and Communication line listed below).
- **Scholarships & Other Student Financial Aid –** This line item reflects the net change in projected financial aid tied to tuition changes. It also reflects investments in undergraduate scholarships in FY2015 and FY2016, aimed at increasing enrollment and retention long term.
- 4 State Share of Instruction (SSI)/ Other Appropriations Based on the most recent 2016 projections, our SSI is estimated to be approximately \$2M higher than 2015's results.
- **Sales & Services** The increase in this line item is based on increases in the meal plans and adjustments in room rates. Netting against those increases is the loss of revenue from St. Luke's for medical residents. This loss is adjusted for in the transfer from the hospital on the cash flow page.
- Other Revenue Other Revenue increases include \$800K projected from the new residence hall operated by ACC; Revenue generated from Terra Community College for Human Resources support, and NCAA and MAC revenue for Athletics.
- 10 & 11

 Salaries and Fringe Benefits These line items reflect a 2% salary increase for permanent non-union employees of the university and adjustments for union employees following the contracts. The fringe benefit line is adjusted for the \$3M decrease in graduate fee waivers (noted above in Student Tuition & Fees) and also an increase in expected health care costs.
- Supplies Supply increases are attributed mainly to budgeting carry-forwards from designated College funds, an increased budget for faculty start-ups, as well as a reallocation of various line items within the Budget.

- Information & Communication The University libraries are expecting a large increase in the electronic charges for OhioLINK. (See Tuition and Fee section above).
- **Occupancy –** Occupancy is being increased due to the anticipated increase in the electric contract currently being negotiated.
- **Pooled Designated and Contingency-** This line item reflects the \$4 million of central contingency for the university; decrease by \$1 million.
- **Cost of Goods Sold –** The increase in this line is tied with the increase in the Sales and Services line for meal plans.
- **Depreciation –** Depreciation is increasing this year mainly due to the Simulation Center.
- **Investment Income –** The increase for this line item is based on a 5.5% long-term return assumption on the University's investments.

FY2016 Operating Budget Clinical Enterprises

Explanations of Increases/Decreases - Clinical Enterprise

I/S Line

- Net patient Revenue The FY16 budget is projecting growth in inpatient Senior Behavioral Health, cancer treatment, surgical cases, physical therapy, and ambulatory clinic visits. The Family Medicine Clinic will be relocated from St Luke's to UTMC.
- Salaries and Benefits The FY16 salary budget includes a 1% salary increase, 1.2M. \$4.7M of salary increases is related to staffing increases associated with growth and patient satisfaction in Senior Behavioral Health unit, cancer treatment, and expanded hours/coverage in surgery. At UTMC benefits are increasing \$1.9M due to increases in staffing and \$3M related to healthcare utilization. UTP is experiencing a \$1.8M reduction in benefit expenses.
- **Outside Purchased Services** The FY16 budget includes: \$1.3M for contingency services, \$1M expenses associated with the Dana Infusion Center, and \$0.9M for the development of Ambulatory Services.
- **Supplies** The FY16 supply increase includes a 3% inflation factor or \$2.2M. The FY16 budget includes increased supply costs for drugs of \$6M associated with the UTMC Infusion Center. Kidney acquisition costs are up \$1M due to volume increases. Surgical implants are up \$2M.
- **Miscellaneous and contingency** Contingency is moved to purchased services.

C/F Line

- 1 Budgeted Net Income See I/S Explanations.
- **Capital Expenditures Funded by Operations** Operating capital is budgeted at \$7M for FY16. This provides funds for a few capital initiatives along with replacing broken equipment/repairs, and end of life equipment.

College Credit Plus Rate (per CCP Ohio Revised Code) previously known as Post-Secondary and Dual Enrollment Programs

In order to give Ohio high school students the opportunity to pursue higher education and reduce the cost of doing so, the Ohio Department of Education, Ohio Board of Regents and the Ohio legislature in conjunction with universities and community colleges in the state have worked together and created the College Credit Plus (CCP) program. This program will combine the previous Post Secondary Enrollment Option and Dual Enrollment programs and will include Tech Prep.

| | Current Fee, | New Rate, | | | | | | | | | |
|--|--|-----------------|---|--|--|--|--|--|--|--|--|
| In-State | per credit hour | per credit hour | Explanation | | | | | | | | |
| College Credit Plus Program - Partner School District Student | Traditional Undergraduate Rates | \$ 40.00 | Per School District Partnership agreements UT will assess and invoice the State of Ohio "floor rate" (set by the ORC, 2015-16 floor rate is \$40 per credit hour). The floor rate will be assessed for all students regardless of the location of, or who provides the instruction (UT or HS). | | | | | | | | |
| College Credit Plus Program - Non-Partner School District Course location is HS - instruction by HS instructor | Traditional Undergraduate Rates | \$ 40.00 | Per ORC UT will assess and invoice the State of Ohio "floor rate" (set by the ORC, 2015-16 floor rate is \$40 per credit hour). The floor rate will be invoiced for all courses taught at the High School (HS) by HS teacher. | | | | | | | | |
| College Credit Plus Program - Non-Partner School District Course location is HS - instruction by UT instructor | Traditional Undergraduate Rates | \$ 80.00 | Per ORC UT will assess and invoice the State of Ohio (set by the ORC, 2015- 16 rate is \$80 per credit hour) for all courses taught at the HS by UT instructor. | | | | | | | | |
| College Credit Plus Program - Non-Partner School District Course location is UT - instruction by UT instructor | Traditional Undergraduate Rates | \$ 160.00 | Per ORC UT will assess and invoice the State of Ohio "ceiling rate" (set by the ORC, 2015-16 ceiling rate is \$160 per credit hour). The ceiling rate will be invoiced for all courses taught at UT (including online), by UT instructor. | | | | | | | | |
| * Non-Ohio Resident High Scho | * Non-Ohio Resident High School Students will be treated as High School Concurrent Enrollment Students assessed undergraduate rate | | | | | | | | | | |

| KINE3830*** Principles of strength & conditioning | \$ - | \$ | 37.08 | N/A | For replacement items and for disposable items needed in the lab. |
| KINE4830*** Principles of Endurance | \$ - | \$ | 37.08 | N/A | For replacement item and for disposable items needed in the lab. |
| KINE6680*** Interventions in Ath Train/SM | \$ - | \$ | 35.00 | N/A | Per accreditation standards, students should be given to opportunity to learn current athletic training practices so that students are given real-life experience Assigning fees to these courses will provide the Post-professional AT program better ability to stock the AT lab with materials students often see and use during clinical education assignments. Requiring fees for these classes will provide the ability of the Post-professional AT program to provide the following materials: casting materials, advanced taping materials, advanced bracing materials and other disposable items associated with advanced clinical interventions |
