

Entering Leave Report on Employee Self Service Portal

General Guidelines for Leave Requests:

- Self Service is currently available for non-hourly Faculty and Staff to report Vacation, Sick Time, Bereavement, and FMLA time. Unpaid time other than FMLA should be routed to Human Resources for entry.
- Leave reports are due on the Friday following the last day of the pay period. Note the Submit By Date on the top of the Leave Report.
- Leave should be entered in quarter hour increments.
- When entering multiple dates, click save after entering each day.
- Add comments or make changes before submitting for approval. You will not have the opportunity to add or edit comments once the report has been submitted.
- Once hours and comments are complete, click on Submit for Approval button.
- Leave reports will be routed to your supervisor for approval. Once approved and applied, leave reports update sick and vacation balances. Your current balance is reflected in Leave Balances through Self Service, not on your pay stub.
- Leave requests will automatically transfer to your leave report once the pay period begins. **You will still need to submit your leave report** after you have made any necessary corrections or updates.
- Please refer to additional instructions for guidelines on entering FMLA and Bereavement time.
