**Enrollment Status:** This is defined using a Time Status of Full-Time in Banner (Source: Banner Form = SFAREGS, Banner Table = SFBETRM.SFBETRM\_TMST\_CODE, Banner ODS Table = ACADEMIC\_STUDY.CURRENT\_TIME\_STATUS) and is typically defined as enrollment of 12 or more credit hours in the fall or spring term for Undergraduate, Law and Medical Students and enrollment of 9 or more credit hours for all other Graduate students. However, students taking fewer credit hours may also be considered full-time in other circumstances, such as when participating in co-ops or certain field experiences and exchange programs. This definition of full-time was adopted by the University Analytics Working Group in October of 2021. Anyone not coded as full-time, is considered part-time. IR reports published prior to that time used a credit-hour based definition of full-time, and therefore, may differ slightly from the historical data reported here.

underwent major revision in Academic Year 2024-2025.

Beginning 2024-2025, students are identified as first generation if they respond that neither parent "completed college", or answer that they "don't know". If students do not complete the FAFSA or leave the question blank, then their first-generation status is categorized as unknown.

**First Time Status:** First-Time Student (FT). A student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the undergraduate level. This includes students enrolled in academic or occupational programs. It also includes students enrolled in the Fall term who attended college for the first time in the prior summer session, and students who entered with advanced standing (college credits or recognized postsecondary credential earned before graduation from high school). Undergraduates with FIRST\_YR\_STATUS=FT.

In October 2021, the Institutional Research, Registrar, Student Success, CISP, and Enrollment Operations Offices agreed to identify these students as those with any Visa Type on file or a Residency code of "I" or "F". This definition is slightly different than what Institutional Research used previously.
