**Financial Responsibility and Payments**

Each student is financially responsible for payment of fees and charges assessed to his/her student account. Students' accounts are audited and the University has no limitation on how many semesters it may go back for additional fees. The University can also remove funds from a student rocket card to cover a past due balance on a student account.

The University accepts cash, certified check, personal check or money orders, and electronic payment of fees, fines or other student account transactions. The University accepts credit card payments via a third-party processor. The processor accepts MasterCard, Discover, American Express credit card payments via "Web for Students." The processor assesses a convenience fee for these types of transactions. Payments will be applied to the oldest balance first. Scholarships, waivers and third-party contracts will apply to designated fees per academic semester.

# Registration Fees and Policies

These fees, policies and rules are effective for the 2005-2006 academic year, unless otherwise indicated. Fees are subject to change. The University reserves the right to make changes without advance notice.

Once a student registers for courses he/she is responsible for all fees. Payment of fees is due by the specified due date. Accounts must be kept current in order to maintain enrollment eligibility and receipt of official University documents and services.

## De-Registration Process

If payment of tuition and fees for the semester is not received by the payment due date, the University will de-register students from all courses if the student's account balance due is equal to or greater than \$200.

- First Deregistration - the first deregistration will occur the second Friday\* prior to the start of the term. Courses will be dropped at 100% credit. Students registering after the first deregistration are expected to pay for courses at the time of registration.
- Second Deregistration - the second deregistration will occur the Friday\* immediately preceding the term; one week following the first deregistration. Courses, including any future term courses, will be dropped at 100% and a pre-payment hold will be placed on the account. If a student is deregistered during this process, they must pay in advance before any further registration activity occurs.
- Students registering for courses after the second deregistration are required to pay any outstanding balance due immediately. *See Fee Assessment; Late Registration section.*
- Failure to attend class or non-payment of fees is not a valid means of dropping or withdrawing from a class. Students not attending classes should drop courses prior to the first day of the semester. Drop adjustment fees are assessed on courses dropped on or after the first day of the semester. *See Refunds-Fees sections.*

**\*If either Friday falls on a University observed holiday, the de-registration process will occur the day before.**

# Fee Assessment

## **Ohio Law — Selective Service**

Ohio male residents between the ages of 18 and 26 are required by law to register with the Selective Service. The University must verify this information. The out-of-state tuition surcharge will be charged to such residents who have not registered with the Selective Service.

## **Pre-Registration Deposit — Law**

Each applicant who is accepted for admission to the College of Law shall pay an instructional fee deposit of \$75.00. Applicants who are accepted for admission to the fall class:

- for students applying before the third week in March, the deposit is due April 1.
- for students applying after the third week in March, the deposit is due not earlier than 10 days after the date of notification.

The deposit shall be applied to instructional fees at the time the student initially registers. The deposit is otherwise not refundable.

## **Matriculation**

A recording fee of \$25.00 is assessed each new and transient student at the time of the student's first registration at the University. This is a non-refundable fee. Concurrent and coop students covered under contract are exempt from this fee.

## **Audited Courses**

A student taking a course not for credit pays the same as a course being taken for credit.

## **Late Registration**

A late registration fee is assessed to any student who registers on or after the 1st day of the semester as follows:

**Summer semester** — Summer semester fees are determined by mid-April. Contact the Bursar's Office or go online to <http://bursarsoffice.utoledo.edu> for updated information.

## **Mixed Level Fee Calculations and Dual Matriculations**

- Course level pertains to the level of instruction (Example: undergraduate level=1000-4000).
- Student level (undergraduate, graduate, MBA, or law) is the primary matriculation on record at UT.
- Mixed level fees refer to fees assessed to any student taking any course at a different level than the level in which the student is matriculated.
- Dual matriculation refers to students taking courses for two degrees concurrently. The primary matriculation for such student is the higher student level of the two.

Fees (instructional and out of state surcharge) for students with dual matriculations and/or mixed level courses will be assessed at the course level hourly rate for each of 16 or less credit hours. The amount charged for 16 or less credit hours will not exceed full-time tuition at the student level. Fees will be assessed at the student level for each credit hour 17 or greater. The general fee is assessed at the student level.

**Example:** A graduate student enrolls for eight hours of undergraduate course level (8 x \$267.91) and 8 hours of graduate course level (8 x \$367.97). Total at course level for 16 hours= \$5,087.04. Total at the graduate student level for 16 hours is \$4826.92. Since the amount charged will not exceed the amount of 16 hours at the student level, the graduate student pays \$4,826.92 plus the general fee at the student level and any other fees related to the registration.

### **General Fee**

This fee is required of all students registered for credit, Workplace Credit courses, and distance learning courses.

Students paying the maximum are entitled to attend, free of charge or at a reduced admission fee, most activities sponsored by the Student Government, the Student Union Board, and all athletic events (student section), subject to seating limitations. Students paying less than the maximum are entitled to attend a limited number of activities.

These fees also support the Student Union Building, the Scott Park Student Center, the radio station (WXUT), intramural sports, and other student services, activities, and student related capital projects.

Students registered for 12 credit hours are also entitled to full use privileges at the Student Recreation Center. Students registered for less than 12 credit hours receive 15 visits per semester, after which they may use the Recreation Center by paying a per visit charge or may gain full use privileges by paying an additional fee per semester based on the number of credit hours enrolled. Contact the Student Recreation Center at 419.530.3700 for detailed membership information.

Ambulatory care is available at the Student Medical Center: Office visits are \$40. Other fees will also be assessed for blood work and procedures. All fees will be billed to the student's insurance carrier. If the student has a co-pay, it will be collected at the time of service. Students registered for one or more credit hours are eligible to use the services at the Student Medical Center. More information is available and appointments can be made by calling the Student Medical Center at 419.530.3451 or visiting <http://www.student-services.utoledo.edu/healthservices/about.html>.

## **Schedule Adjustments (Add/Drop)**

**Important:** All course registration and/or add transactions after the third weekday of the fall and spring semester MUST be done in person at the Office of the Registrar. The time period for summer schedule changes and course registration is proportional to the length of the summer session.

### **Add/Drop Period**

The add/drop period is held through the 15th calendar day during the fall and spring semesters. The add/drop period for summer sessions shall be reduced proportionately.

All students who wish to change a course schedule once initial course selection has been made need to formally add/drop within the designated time period.

## **Add/Drop Fee Adjustments**

Fall and Spring add/drop fees are assessed according to the cumulative total of credit hours added and dropped during each respective refund percentage period.

Each special session for all terms and summer session is a separate instructional period. Each session is treated as a separate time frame for add/drop calculations.

***Only the refundable portion of fees for hours dropped in one session or refund period may be applied toward hours taken in another session or refund period.***

### **Saturday and Sunday Add/Drop Transactions**

Any add/drop transactions which occur on Saturday or Sunday will be processed and posted at the refund percentage of the preceding Friday. (*Exception: see Weekend Courses Refund*).

## **Official and Unofficial Withdrawals**

**Students withdrawing from any or all courses should consult the Bursar's Office regarding the effect on financial obligations.**

**By the Student** — An official withdrawal (W) occurs when the student gives official notice of his/her intent to withdraw from class(es) at the University. At some time after the 15-day add/drop period and before the end of the eighth week of class, a student may find that it is in their best interest to withdraw from a particular course. When this is the case, the student should obtain a withdrawal petition from the Office of the Registrar, Rocket Hall, Room 1100. Complete and return the form to the Office of the Registrar within the specified time. The student will then be given a "W" on their transcript indicating they officially stopped attending the course. Grade point average is not affected by withdrawal from class. Students should consult their college for the number of withdrawals allowed.

Withdrawal deadlines will be proportional for special classes that do not meet at the standard start/stop dates of the term, similar to withdrawal deadlines. Students should follow the guidelines above.

**By the Instructor** — An instructor withdrawal (IW) occurs when a student fails to give official notice (as defined above) of his/her intent to withdraw and discontinues attendance. A grade of "IW", recorded by the instructor, will be posted to the student transcript.

**There is no refund during the withdrawal period. A withdrawal may affect a student's academic progress standing. A grade of "W" or "IW" may result in the loss of part or all of a student's financial aid.**

**Withdrawn courses reduce a student's enrolled hours, but do not reduce the student's financial obligation. Withdrawing from courses may have an adverse effect on financial aid benefits, scholarship, loan deferments, athletic eligibility, health insurance, veterans' benefits, degree requirements, or other areas.**

## **Medical Withdrawals Student Illness/Family Emergencies**

**Student Illness** — Students who wish to discuss possible drop/withdrawal from classes for an illness or injury must contact the Student Medical Center at 419.530.3493 by the last day of classes. Further information and assistance will be provided at that time.

**Family Emergency or Illness** — In the case of family emergency or illness, please contact the Ombudsman at 419.530.2571 within five days from the onset of the family illness.

## **Refund Policies Issuance of Refunds**

All University refunds will be issued to the student as the account holder via University check or authorized direct deposit to the bank account of the student's choice (either checking or savings). PLUS loan refunds are issued to the parent who holds the loan account via University check.

Refunds are not issued if there is a balance due on the account.

Courses canceled by the University will be refunded at 100%. Weekend transactions will be refunded at the prior Friday percentage (Exception: see Weekend Courses Refund).

No refunds will be available to students dropping seminars or workshops on or after the first day of the seminar or workshop. The refund policy may not be applicable to contract courses.

Financial aid refunds may be available after all financial aid processing is completed and enrollment status after the first day of classes can be confirmed. Students enrolled in modular or flexibly scheduled courses may receive refunds in installments after attendance in all registered courses has been confirmed.

Title IV Federal Aid recipients who drop below half-time enrollment during the 100% refund period or withdraw completely from the University, may not be entitled to a loan disbursement or a refund of loan funds.

If a Federal Direct Loan recipient drops below half-time enrollment during the expense period covered by the loan, ALL remaining disbursements will be canceled for that expense period.

### **Index of Key Terms Used in the Refund Schedule**

*"Official academic calendar"* is the time period between the first official scheduled day of classes for the semester and the last official scheduled day of classes for the semester.

**Determination of refund/credit**

The date used to determine the eligibility for refund shall be the date the drop transaction is processed. ## Rules Governing Ohio Residency Qualifications Qualifications and Procedures

A student is a resident of Ohio for tuition purposes if he/she meets the requirements, as established by the Ohio Board of Regents (enrollment is denned as being the first day of classes) pursuant to Chapter 119. of the Revised Code, and under the authority conferred upon the Ohio Board of Regents by Section 3333.31 of the Revised Code.

The initial determination of residency shall be made by the first office/college that admits a student to the University (the assistant director of Office of Undergraduate Admission for undergraduate students and undergraduate students with a degree, by the Graduate Dean for graduate students, and by the Chairman of the Admissions Committee of the College of Law for law students). **The Residency Committee may reclassify the initial residency determination only after formal application and approval. Students who attend the University and change colleges or programs must file a formal application for reclassification.**

Application forms are available from the Bursar's Office for students who wish to file for reclassification. A formal application form must be filed with the Residency Committee at least one month prior (30 days) to the beginning of the semester for which the reclassification is requested. (Note: Summer is considered one semester beginning with the first day of summer classes not the first day of a particular session). No deferment of fees is possible because of a pending application, and no retroactive reclassification will be granted.
