Financial Responsibility, Student Bills and Payment Method

Students are financially responsible for all tuition, fees, and other charges assessed to their student account. Student accounts are subject to review (audit), and the University reserves the right to assess additional charges or make adjustments when appropriate.

The University of Toledo delivers billing notifications electronically to each student's official University email address (firstname.lastname@rockets.utoledo.edu). Students are responsible for regularly monitoring their University email account, as official University communications regarding billing, payments, and student accounts are sent to this address.

If parents, guardians, grandparents, or other individuals assist with educational expense, it is the student's responsibility to communicate the account balance and payment due dates. Students may authorize others to view account information and/or make payments on their behalf. Authorization does not transfer financial responsibility, the student remains the account owner and is responsible for all charges, deadlines, and account activity.

Students can access their student account through myUT portal using their UTAD credentials. The payment due date for each semester is provided on the student's e-Statement and on the Treasurer's Office website under Important Dates (www.utoledo.edu/offices/treasurer/ImportantDates.html). After the semester payment due date has passed, any additional charges assessed to the student account are due immediately. The due date displayed on the student account will be updated to reflect the current date. Students with past-due balances may have restrictions, including registration holds, transcript restrictions (where permitted by law), and other limitations on University services may be placed on the account.

The University strongly encourages students to make payments electronically through myUT portal. Electronic payments provide the fastest, most secure, and most convenient payment option. Payments may be made by a checking or savings account (electronic check/ACH) or by credit card. A convenience fee is assessed by the third-party processor for credit card transactions. This fee is not a University charge and is paid directly to the processor. Pre-paid debit cards are not accepted. Students may also enroll in an approved payment plan, when available, to assist with managing educational expenses. Enrollment in a payment plan does not extend the original payment due date or eliminate responsibility for meeting payment deadlines. Students must remain current with all payment plan requirements to maintain eligibility. Students may enroll in the Rocket Payment Plan through the myUT portal. Enrollment deadlines and payment plan terms are available on the Treasurer's Office Important Dates website, www.utoledo.edu/offices/treasurer/ImportantDates.html.

All charges must be paid in U.S. dollars. Any bank fees associated with processing international payments are the responsibility of the student.

International students may submit payments through approved international payment providers, including TransferMate, PayMyTuition, or Flywire. Additional information and links to approved international payment providers are available on the Treasurer's Office website, www.utoledo.edu/offices/treasurer/InternationalPayments.html.

Personal payments made by students are applied to the oldest outstanding balance unless otherwise required by law or University policy.

Payments received on a student's behalf from a third party or organization are applied based on the nature of the payment and applicable University procedures. Third-party contracts, scholarships, waivers, and loans are applied to eligible charges for the applicable academic semester in accordance with University policy and the terms of the funding source. Payments received from employers or organizations as tuition assistance or employee benefits are applied according to University procedures and the requirements of the funding organization. These payments are not considered scholarships unless specifically identified as scholarship funding by the sponsoring organization.

The University may transfer eligible financial aid funds from a student's Rocket Card account to the student account to satisfy a past-due balance without prior notification.

Drop for Non-Payment (Enrollment Cancellation)

Students are responsible for meeting published payment deadlines. Students who do not satisfy their financial obligations by the established payment due date may be subject to Drop for Non-Payment, which results in the cancellation of their registered course schedule. Students are encouraged to review their student account, financial aid requirements, payment plan status, and outstanding balances before the payment due date to help avoid being dropped for non-payment.

Students whose courses are dropped for non-payment may be eligible to re-register, subject to course availability, applicable registration deadlines, and University procedures. Re-registration is not guaranteed.

Fee Policies

Tuition and fees are established by the Board of Trustees and in accordance with requirements established by the State of Ohio. Tuition rates, fees, policies, and procedures are effective for the 2026-2027 academic year. Tuition and fees are assessed based on the student's academic level and residency classification. For example, a graduate student enrolled in an undergraduate course will be assessed graduate-level tuition and fees.

Once a student registers for course(s), the student is responsible for payment of all tuition, fees, and other applicable charges.

Payment is due by the published due date listed on the student's e-Statement and the Treasurer's Office website under Important Dates, www.utoledo.edu/offices/treasurer/ImportantDates.html.

Registration activity, including adding or dropping courses, resulting in additional charges after the published due date are due immediately. Students must keep their account current to maintain enrollment eligibility and to access official University documents and services, including transcripts, in accordance with applicable federal and state regulations (contained in R.C. 3345.027 and 34 CFR 668.14).

Selective Service Requirements – Section 3345.32 of the Ohio Revised Code requires male students who are Ohio residents between the ages of 18 and 26 to register with the Selective Service System and submit a statement of their Selective Service status when attending a state college or university. Students may register with the Selective Service System online at www.sss.gov or at any U.S. Post Office.

Failure to comply with this requirement may result in assessment of a non-resident tuition surcharge. Male students over the age of 26 who have not registered with the Selective Service System should contact the Registration Information Office at 1.888.655.1825 for further instruction.

Add/Drop - Schedule Adjustments

Registration changes after the fifth weekday of fall and spring semesters must be completed through Rocket Solution Central, Rocket Hall 1200. The registration period for summer sessions and other parts of term is proportional to the length of the session.

Add/Drop Period - The add/drop period for fall and spring semesters (15-week semester) general extends through the fifteenth calendar day of the semester. For summer sessions and parts of term that are fewer than 15 weeks in length, the add/drop period is reduced proportionately. Refer to the Registrar's Office website, www.utoledo.edu/offices/registrar/ for the official add/drop and withdrawal deadlines.

Fee Adjustments – Tuition and fees are adjusted based on the cumulative total of credit hours added and dropped during the applicable refund period.

Dropped Course Credit

Tuition, Out of State Surcharge, General Fees - Students who drop one or more courses may be eligible for a proportional credit to their student account for tuition, out-of-state surcharge, and general fee based upon the University's credit schedule.

Dropped Course Credit – Credits are determined based on the length of the course's part of term. Part of term refers to the period during which a course is offered within a semester. For example, a course offered for eight weeks in length is in an eight-week part of term. Credit periods for courses offered in parts of term shorter than fifteen weeks are adjusted proportionately based upon the length of the course.

Example – Fifteen-Week Part of Term:

Time of Drop	Account Credit
Through the first week of the semester	100%
8th – 14th calendar day	80%
15th calendar day	60%
16th – 21st calendar day (*withdrawal grade with credit)	60%
22nd -28th calendar day (*withdrawal grade with credit)	40%

* Withdrawal grade pertains to non-medical students.

Key Terms Used in the Credit Schedule

- **Official Academic Calendar** – The period between the first official scheduled day of classes and the last official scheduled day of classes for the semester.
- **Semester** – The designated academic period in which courses are offered, such as fall, spring, or summer. The semester length is defined by the number of scheduled weeks, including exams.
- **Week** – Five consecutive weekdays consisting of Monday through Friday.

Determination of Credit Eligibility

The date a drop or withdrawal transaction is processed determines eligibility for a credit.

Failure to attend class, notifying an instructor, stopping payment on a check used to pay tuition and fees, or providing similar unofficial notice to a university office does not constitute official notification of a student's intent to drop or withdraw from a course.

Courses canceled by the University will receive 100% credit.

Official Withdrawals

Students considering withdrawal from one or more courses should consult with the appropriate University offices to understand the potential impact on their financial obligations and other areas of their student status. Withdrawal from courses may affect financial aid eligibility, scholarships, loan deferments, athletic eligibility, health insurance, veterans' benefits, degree requirements, and other University services.

Students who decide not to attend or stop attending courses for which they are registered must officially drop or withdraw from those courses. Drops and withdrawals may be processed online through the myUT portal (provided there are no registration holds) or through Rocket Solution Central (RSC), located in Rocket Hall, Room 1200.

Failure to officially drop or withdraw from a course may result in a final grade of "F." Students should refer to the official academic calendar for applicable drop and withdrawal deadlines. Deadlines for flexibly scheduled courses that do not follow standard term dates are adjusted proportionately.

A withdrawal from a course result in a grade of "W," which appears on the student's official transcript. Once a withdrawal has been processed, it cannot be rescinded. Depending on the date of withdrawal, tuition and fees may or may not be adjusted. Because withdrawing from courses may reduce enrollment hours, students should consult with the appropriate University office before withdrawing to understand any potential impact.

Medical Withdrawals

Students seeking information regarding a possible withdrawal due to illness or injury must contact the Office of the Registrar no later than the last day of the semester. For more information, visit www.utoledo.edu/offices/registrar/adminadj/medicalwithdrawal.html.

Refund Policies

Refunds are issued in accordance with University policy and applicable state and federal regulations. Tuition and fee refunds for dropped courses, including seminars, workshops, and weekend courses, are calculated using a proportional refund schedule based on the length of the course. The refund policy may not apply to contract courses.

The University strongly encourages students to enroll in direct deposit to receive student account refunds. Direct deposit is the safest, fastest, and most efficient method for receiving refunds and eliminates the risk of lost or stolen refund checks. Students can enroll or update direct deposit information through the myUT portal.

Refunds are issued through authorized direct deposit to the student's designated bank account or by check. Students who do not enroll in direct deposit will receive refund checks mailed to their U.S. address on file with the University. Refund checks are valid for 90 days. Processing times vary based on the type of refund, completion of financial aid requirements, enrollment status, and University processing timelines.

Personal payments - Excess payments made from personal funds may be refunded after the add/drop period each semester, once applicable University review and processing requirements have been completed. Refunds for payments originally made by credit card may be returned to the original credit card account.

Excess refundable financial aid - Excess refundable financial aid refunds are generally issued after the semester begins and after financial aid processing is complete and enrollment status has been confirmed. Students enrolled in courses offered in multiple parts of term may receive financial aid refunds in installments after attendance requirements have been confirmed for all registered courses.

Students receiving Title IV federal aid who drop below half-time enrollment during the 100% refund period, or who completely withdraw from the University, may not be eligible for loan disbursements or refunds of loan funds.

Excess Parent PLUS loan - Excess Parent PLUS Loan funds are refunded to the parent borrower through direct deposit or check unless the borrower has authorized the University to issue the refund to the student.

Return of Title IV Funds - The University's refund policy complies with the Higher Education Amendments of 1998 and the federal Return of Title IV Funds regulations. Students who receive federal financial aid and completely withdraw from the University during the first 60% of the enrollment period may be required to return a portion of their federal aid based on the percentage of the enrollment period completed at the time of withdrawal.

If a Federal Direct Loan recipient drops below half-time enrollment during the loan period, any remaining scheduled loan disbursements for that loan period may be canceled.

Uncashed refund checks - Notifications regarding uncashed refund checks are sent to students through their official University email account. If an excess financial aid refund check is not cashed before the stale date, the funds may be returned to the original funding source.

If a refund resulting from personal payments is not cashed, the funds may be applied to a future semester or transferred to unclaimed property in accordance with applicable requirements.

Education Tax Information (1098-T)

The University provides eligible students with the IRS Form 1098-T for education tax reporting purposes. Students may access their 1098-T electronically through myUT portal. Students should consult a qualified tax professional regarding eligibility for education tax credits or deductions.

Student Residency

Ohio In-State Residency - A formal residency application must be submitted to the Residency Committee at least 30 days prior to the first day of the semester for which reclassification is requested. Summer is considered one semester beginning with the first day of the summer term, not the first day of an individual summer part of term.

A pending residency application does not defer payment of tuition and fees. Students remain responsible for all charges assessed to their account while an application is under review. Retroactive residency reclassification will not be granted.

Admissions Application and Orientation Fees

Admission Application Fees (Non-Refundable)	
Undergraduate Admission Application	40.00
College of Graduate Studies – Domestic Student	45.00
College of Graduate Studies – International Student	75.00
College of Medicine - Doctor of Medicine Student	80.00
Orientation Fees (Non-Refundable)	
Undergraduate Rocket Launch Orientation for New Students	125.00
Undergraduate Rocket Launch Orientation for Transfer Students	100.00
College of Graduate Studies – Graduate Orientation Fee	100.00

Deposits

Certain student populations and academic programs require an enrollment deposit to reserve a place in the incoming class. Unless otherwise noted, all enrollment deposits are non-refundable and will be applied as a credit toward the student's first semester tuition and fees.

Undergraduate Direct-from-High School (DHS) Enrollment Deposit

All direct-from-high-school (DHS) students who are admitted and plan to enroll at The University of Toledo for the semester immediately following high school graduation are required to submit a \$100 enrollment deposit.

Enrollment deposit deadlines are:

- Fall Term: May 1
- Spring Term: November 1
- Summer Term: April 1

Graduate Program Deposits

Admitted students enrolling in a graduate program that requires an enrollment deposit must submit the required reservation deposit prior to enrollment. Deposit amounts vary by graduate program, and not all graduate programs require an enrollment deposit.

College of Law Deposits

Students admitted to the College of Law are required to submit the following deposits to secure their place in the entering class:

- Seat Deposit: \$150
- Commitment Deposit: \$250

For fall-start students, the seat deposit is due by April 15 or within two weeks of the date of the admission letter, whichever is later. Students should refer to their admission materials for the commitment deposit deadline.

Toledo Tuition Guarantee

The Toledo Tuition Guarantee Plan is a cohort-based undergraduate tuition program established in accordance with Ohio Revised Code §3345.48. Eligible students receive a fixed undergraduate tuition rate and designated fees for four years.

New, degree-seeking undergraduate students enrolling at The University of Toledo for the first time beginning with the Summer 2018 or Fall 2018 semester, and each subsequent entering cohort, are enrolled in the Toledo Tuition Guarantee Plan.

The Tuition Guarantee includes:

- Undergraduate tuition
- General fee
- Miscellaneous student services fee
- On-campus housing and meal plan rates

Guaranteed rates remain in effect for four years, or 12 consecutive semesters (including summer terms and intersessions). Students are encouraged to review their individual cohort period to understand the semesters included within their guarantee period.

The Tuition Guarantee does not include:

- College-specific fees
- Course fees
- Upper-level fees
- Undergraduate out-of-state tuition surcharge

Graduate students are not eligible for the Toledo Tuition Guarantee Plan.

Students who enroll beyond their four-year guarantee period will be assessed the tuition rate established for the oldest unexpired Tuition Guarantee cohort.

Students whose academic program requires more than 126 credit hours for degree completion or are designed to extend beyond four years due to required internships, co-ops, or similar academic requirements may be eligible for a one-year extension of their Tuition Guarantee period.

First-year and second-year students under the age of 21 whose permanent residence is located outside a 25-mile radius of The University of Toledo at the time of admission are required to live on campus and participate in the meal plan program.

On-campus housing rates are guaranteed for four years; however, residence hall availability beyond a student's second year is not guaranteed.

For additional information regarding the Toledo Tuition Guarantee Plan, including current rates, eligibility, guarantee periods, and program details, visit the Treasurer's Office Tuition Guarantee website, www.utoledo.edu/offices/treasurer/tuition/guarantee/.

General Fee

The general fee is a mandatory fee assessed to all students enrolled in courses, including credit courses, Workplace Credit courses, audited courses, and online courses. The amount of the general fee may vary based on the student's academic program.

Students assessed the full-time general fee are eligible to attend most Student Government-sponsored and University-sponsored activities at no charge or at a reduced admission rate. They may also attend athletic events in the student section, subject to seating availability. Students assessed less than the full-time general fee may have limited access to certain University programs, services, activities, and facilities.

The general fee supports a wide range of student programs, services, and campus facilities, including Student Abroad, Alcohol, Tobacco, and Other Drugs Prevention (ATOD), the Counseling Center, Title IX, Multicultural Student Development, Student Activities, the Marching Band, Night Watch, Athletics and Cheerleaders, the Student Union, myUT Pharmacy, Student Medical Center, University Transit Services, the Student Recreation Center, Academic Enrichment, Student Services and Graduate Student Support, the Computer Learning Resource Center, and the Student Health and Pharmacy Plan.

For questions regarding Student Recreation Center access or membership information, contact the Student Recreation Center at 419.530.3700 or visit the Student Affairs website.

Additional Fee Information

Credit Card Processing Fee

A non-refundable convenience (processing) fee is assessed on all credit card payments processed through the University's third-party payment processor. This fee is collected by the payment processor and is not retained by the University.

Inclusive Access

Inclusive Access provides students with digital course materials, including electronic textbooks and, when applicable, additional educational resources such as workbooks, tutorials, videos, simulations, problem sets, and interactive learning software. Through agreements with Barnes & Noble and participating publishers, eligible course materials are available on or before the first day of class at discounted rates.

Course and Program Fees

Lab Fees – Lab fees vary by course. Refer to the Schedule of Courses on the Registrar's Office website for applicable fees.

Technology Fees – Technology fees are assessed by the student's college of enrollment and are generally charged per credit hour each semester unless otherwise specified. The Law Library fee is the only technology fee subject to a maximum charge.

Credit by Examination/Portfolio Assessment – A fee is assessed for each Advanced Standing examination or portfolio assessment.

Toledo Transition (T2) Program Fee – Students enrolled in the Toledo Transition (T2) Program, a non-degree certificate program for students with intellectual and developmental disabilities, are assessed a program fee.

Registration and Payment Fees

Late Registration Fee – A \$50 late registration fee may be assessed to students who register on or after the first day of the applicable part of term.

Legal Services Fee – A \$10 fee is assessed each semester at the time of registration. Students who do not wish to participate must opt out during the registration process.

Late Payment Fee – A \$100 late payment fee is assessed monthly on past-due balances during the semester. Balances remaining after the semester end are subject to an end-of-term late payment fee equal to 5% of the outstanding balance.

Past-due accounts may be referred to the Ohio Attorney General's Office for collection in accordance with Ohio Revised Code Sections 131.02 and 113.08. Collection costs may be added, and delinquent accounts may be reported to national credit reporting agencies.

The monthly late payment fee will not be assessed if, by the payment due date, the student has applied for Title IV federal financial aid (FAFSA), the anticipated aid fully covers institutional charges, and the University has received a valid federal response file.

Returned Payment/Payment Reversal Fee – A \$30 fee is assessed for each returned payment or payment reversal. Future check-writing privileges and/or credit card payment privileges may be suspended for up to one year. The University may also require future payments to be made with certified funds.

Stop Payment Request Fee – A \$25 fee is assessed for each refund search and stop-payment request, regardless of the outcome.

Parking - Parking on University property requires vehicle registration through the University's parking system. The registered license plate serves as the electronic parking permit. Students, employees, and visitors should follow all parking regulations and permit requirements.

- **Student Parking Permits** – Semester parking permits are available through the parking portal.
- **Guest Parking** – Visitors may purchase daily or monthly permits or pay for hourly parking through the ParkMobile app. Guest permits allow parking in designated C Permit areas.
- **Parking Violations and Fines** – Parking regulations are enforced 24 hours a day, seven days a week. Fines vary based on the violation.

Graduate Re-Admission Fee – A \$50 fee is assessed when a Graduate Re-admission Application is approved. Graduate students who have been absent from their degree program for one calendar year or more must be re-admitted before continuing their studies.

Graduate Course Recertification Fee (0-1 Year) – A \$55 per course recertification fee is assessed for courses approved for use toward degree requirements when the approved time extension is **one year or less** beyond the program's time limit. The fee is assessed when the Continuation of Matriculation form is approved.

Graduate Course Recertification Fee (More Than 1 Year) – A \$550 per course recertification fee is assessed for courses approved for use toward degree requirements when the approved time extension exceeds one year beyond the program's time limit. The fee is assessed when the Request for Time Extension and Course Recertification form is approved.

Courses that are not approved for recertification must be retaken to satisfy degree requirements. Standard tuition and applicable fees will apply.

Graduate Graduation Services Fee – A one-time \$125 Graduate Graduation Services Fee is assessed for each graduate degree program (excluding graduate certificate programs) prior to degree conferral. The fee is assessed the first time a student applies to graduate from the degree program.

The fee supports administrative services associated with awarding the degree, including degree audits, graduation clearance, verification of degree requirements, processing of required academic documentation and culminating experiences, and coordination of final degree approval.

Student Health Insurance

Student Health Insurance Enrollment and Waiver Information

The University of Toledo automatically enrolls the following students in the Student Health Insurance Plan and charges the applicable premium to their student account:

- Domestic undergraduate students enrolled in 6 or more credit hours per semester.
- Domestic graduate students enrolled in 6 or more credit hours per semester
- International students enrolled in at least 1 credit hour per semester.
- Students participating in patient care activities whose academic program requires health insurance coverage.

Students who have other qualifying health insurance coverage may request to waive the University Student Health Insurance Plan. To be eligible for a waiver, coverage must be provided through a U.S. based, Affordable Care Act (ACA) compliant plan, and the waiver request must be submitted and approved by the semester deadline, which coincides with the add/drop period for the standard semester. Once a waiver has been approved, the student health insurance charge will be adjusted from the student's account.

Degree-seeking domestic students enrolled in fewer than 6 credit hours per semester, as well as eligible dependents of enrolled students, may voluntarily enroll in the Student Health Insurance Plan through Anthem Student Advantage by accessing the Student Health Insurance link in myUT portal. Premium payments for voluntary enrollments are made directly to Anthem Student Advantage.

Enrollment and waiver deadlines are published on the University Student Health Insurance website. Students with comparable health insurance coverage are strongly encouraged to complete the waiver process by the applicable deadline to avoid unnecessary charges. Please note that outstanding student account balances may be subject to a late payment fee.

	Undergraduate, Graduate, Law and MD
Semester	Health Insurance Plan
Fall 2026	1,019.00
Spring - Summer 2027	1,581.00
Summer 2027 only	619.00

For additional information regarding Student Health Insurance, including enrollment requirements, waiver eligibility, deadlines, premiums, and plan details, visit the University Student Health Insurance website, www.utoledo.edu/depts/hr/student-health-insurance/

Out-of-State Surcharge Reductions

Online Degree Programs

Students enrolled exclusively in eligible online degree programs are assessed a reduced non-Ohio resident surcharge of **\$5 per credit hour**. For a list of eligible online degree programs, refer to the University's Online Degree Programs webpage.

Ohio Graduate Tuition Benefit

New graduate students who meet all the following criteria are not assessed the non-resident surcharge:

- Reside in Ohio.
- Earn a bachelor's degree from an Ohio institution of higher education.
- Enroll immediately in an eligible degree-seeking graduate program at The University of Toledo upon completing their bachelor's degree

Eligibility is determined during the admission process.

Rates Subject to Change

Tuition and fees listed in this brochure are approved by the University of Toledo Board of Trustees and are subject to change based on Board approval, legislative requirements, or University decisions.

Credit by Exam/Portfolio Credit	per course	100.00
Duplicate Diploma	per request	25.00

Residence Hall Information

Housing and Meal Plans

Students living in University residence halls are required to participate in a meal plan, except students residing in McComas Village. Meal plan charges are assessed each semester as part of the student's housing charges. Meal plans provide students with convenient access to dining services without the need to carry cash.

Housing Contract

The Housing Contract is a legally binding agreement between the resident and The University of Toledo. Once a housing application has been submitted, signed, and accepted by the University, the Housing Contract is valid for the full academic year (fall and spring semesters) and may only be canceled in accordance with the terms and conditions outlined in the agreement.

Students are responsible for understanding the obligations and requirements outlined in the Housing Contract, including applicable cancellation procedures and financial responsibilities.

Residency Requirement

First-year and second-year students who live outside a 25-mile radius of the University are required to live on campus and participate in the meal plan program. If the University is unable to provide housing accommodation or an approved alternative, the housing and meal plan requirements may be waived.

Housing Cancellation

Students who no longer plan to live on campus must notify the Office of Residence Life in writing through their Rocket email account at reslife@utoledo.edu or by fax at 419.530.2942 no later than 9 a.m. on the first day of classes to cancel their housing contract without being charged housing fees. Cancellation fees may apply.

Students who do not plan to attend The University of Toledo before the first day of classes should log in to the myUT portal and, under the "New Student" tab, select "New Student Not Planning to Attend" to complete the cancellation process. The housing application fee is non-refundable.

Housing and Meal Plan Charges

All University charges, including housing, meal plans, tuition, and other applicable fees, are due according to University payment deadlines. Students may not access University housing or meal plan funds if their student account balance is not paid in full or an approved payment plan has not been established.

Failure to meet financial obligations may result in collection actions and other remedies available to the University. Students are responsible for any applicable costs associated with the collection of outstanding balances.

Living Learning and Specialized Interest Communities

The University of Toledo Living Learning and Specialized Interest Communities are residence hall communities that bring together students with shared academic or special interests. These communities provide opportunities for learning beyond the classroom and support students' intellectual, social, and personal development. For additional information regarding Residence Life, refer to the Residence Life website, www.utoledo.edu/studentaffairs/reslife/.

Residence Hall Fees

Other Fees	
Residential Tech Fee	40.00
Loft Fee	50.00
Housing Application Fee	40.00

Students residing in University residence halls are required to participate in a meal plan, except students living in McComas Village. Meal plan charges are assessed each semester as part of the student's housing charges.

Meal plans are prepaid each semester and assessed to the student account.

Dining Dollars

Dining Dollars may be used at participating campus dining locations. Dining Dollars are non-refundable, non-transferable to other accounts, and additional deposits cannot be made during the academic semester. Any remaining Dining Dollar balance from the fall semester will carry forward to the spring semester. Dining Dollars expire on the last day of exam week at the conclusion of the spring semester.

Dining Dollars+

Dining Dollars+ is a separate option from the meal plan and may be purchased when additional dining funds are needed. Dining Dollars+ may be purchased at any time during the semester through the Meal Plan website and may be used at participating campus dining locations.

Dining Dollars+ balances will carry forward from fall to spring semester and expire on the last day of exam week at the conclusion of the spring semester.

Meal Plan Changes

Meal plan changes, adjustments, or cancellations for the upcoming semester may be made at no charge through the last day of the add/drop period. After the meal plan becomes active, adjustments will be prorated based on the date of the change.
