

RESPIRATORY CARE DEGREE COMPLETION

PROGRAM HIGHLIGHTS

- **100% online**
- **Finish in a minimum of two semesters or choose the best fit from multiple plans of study**
- **Work while taking online courses**

Advance your career and increase your earning potential with a bachelor of science in respiratory therapy from The University of Toledo. UToledo's 100% online program gives professional Registered Respiratory Therapists (RRTs) additional knowledge, skills and attributes in leadership management, education and research that will enable you to meet your current professional goals and prepare you for practice as an advanced-degree respiratory therapist.

Be supported by faculty every step of the way.

You can easily succeed in our online program with guidance, support and feedback from our dedicated professors and staff. All online faculty have professional experience and full-time teaching status.

Take the next step toward your degree.

We accept applications throughout the year. Standard admission requirements include:

- Associate degree from a Commission on Accreditation for Respiratory Care accredited program
- Registered Respiratory Therapist (RRT) credential from the NBRC
- Overall GPA of 2.7 or higher (from all previous coursework at any institution)
