### Placement Tests – Fall 2019

Placement test for specific areas of education:

Major	Placement Test Required			
	Chemistry Test	Foreign Lang Test	Trigonometry Test	College Algebra Test
Early Childhood Education (PreK-5)	NO	NO	NO	NO
Special Education/ Intervention Specialist (K-12)	NO	NO	NO	NO
Multi-age Visual Arts (PreK-12)	NO	NO	NO	NO
Multi-age Music (PreK-12)	NO	NO	NO	NO
Multi-age Foreign Language (PreK-12)	NO	YES	NO	NO
Middle Childhood Education (grade 4-9) with teaching area of <a href="#">Language Arts</a>	NO	NO	NO	NO
Middle Childhood Education (grade 4-9) with teaching area of <a href="#">Math</a>	NO	NO	YES*	Yes if Math ACT<27*
Middle Childhood Education (grade 4-9) with teaching area of <a href="#">Science</a>	NO	NO	NO	NO
Middle Childhood Education (grade 4-9) with teaching area of <a href="#">Social Studies</a>	NO	NO	NO	NO
Adolescent Young Adult (grade 7-12) with teaching area of <a href="#">Language Arts</a>	NO	NO	NO	NO
Adolescent Young Adult (grade 7-12) with teaching area of <a href="#">Math</a>	NO	NO	YES*	Yes if Math ACT<27*
Adolescent Young Adult (grade 7-12) with teaching area of <a href="#">Science</a>	YES** ALEKS Chemistry	NO	YES*	Yes if Math ACT<27*
Adolescent Young Adult (grade 7-12) with teaching area of <a href="#">Social Studies</a>	NO	NO	NO	NO

\* ALEKS Test would replace all other math tests

\*\* See Chemistry below

#### Math Placement Test

Any education students who require math placement testing (see table above) are strongly advised to take the on-line ALEKS test to allow appropriate math placement. There is a nominal cost to register for ALEKS, which includes on-line tutorials to improve your knowledge and the opportunity to retake the test to improve your math placement. If the end result is a higher math placement, it is well worth the nominal cost.

#### Chemistry Placement Test

If your major is AYA Science, you are required to complete *CHEM 1230 General Chemistry I*. In most cases you will be required to take a chemistry placement test. Exceptions occur if you

have (a) an AP Chemistry score of 3 or higher, (b) transfer credit equivalent to *CHEM 1090* or *CHEM 1230* at UT, or if (c) you have not completed any high school chemistry course.

If you have not completed at least one year of high school chemistry you will enroll in *CHEM 1090* Elementary Chemistry, before taking *CHEM 1230*.

There is no fee for the ALEKS Chemistry Placement Test.

#### Foreign Language Placement Tests

If you have one or more years of foreign language from high school, take the placement test in that language if you intend to continue it in college. The test covers grammatical structures, vocabulary, and reading comprehension. French, German, and Spanish foreign language placement tests can be completed at the Test Center (Field House, Room 1080).
