

**Feyikemi Osundina**

[Feyikemi.osundina@rockets.utoledo.edu](mailto:Feyikemi.osundina@rockets.utoledo.edu)

### **Education**

Bachelor of Science in Pharmaceutical Sciences (BSPS) with college and departmental honors in Pharmacy Practice and a minor in Chemistry. The University of Toledo College of Pharmacy and Pharmaceutical Sciences (2011-2015)

Doctor of Pharmacy, The University of Toledo College of Pharmacy and Pharmaceutical Sciences (2015-Present)

M.S. in Pharmaceutical Sciences (Health Outcomes and Socioeconomic Sciences), The University of Toledo, College of Pharmacy and Pharmaceutical Sciences (2015-Present)

### **Biographical Sketch**

Feyikemi (Kemi) is currently a P4 PharmD student in the College of Pharmacy and Pharmaceutical Sciences. She is also in her second year of the Masters in Health Outcomes and Socioeconomic Sciences (HOSS) program. She is scheduled to graduate with both degrees in 2017. Following graduation, Kemi plans to complete a PGY1 and PGY2 residency to become a specialized pharmacist using her clinical and health outcomes knowledge in an ambulatory setting.

Since joining the PCOR lab in the summer of 2014, Kemi has been involved in the Study to Measure the Impact of Pharmacists and Packaging on Medication Non-Adherence (STOMPP) with a personal focus on the clinical outcomes of the randomized controlled trial. In March 2015 she presented two posters at the American Pharmacists Association Academy of Student Pharmacists (APhA-ASP) annual meeting in San Diego, CA (Listed below). Aside from research, Kemi has gained experience from working as a pharmacy intern at St. Luke's Hospital (an affiliate of the Promedica Healthcare System) in Maumee, OH. In the hospital setting, she gained knowledge about the workings of an inpatient pharmacy with first-hand involvement filling prescriptions, making IV preparations and interacting with other pharmacists, doctors and nurses.

As an immigrant from Nigeria, philanthropy is very important to Kemi and she participates in various organizations that aim to serve the underserved. She is a member of the Student National Pharmaceutical Association (SNPhA), APhA-ASP, and the International Society for Pharmacoeconomics and Outcomes Research (ISPOR). In May 2015, she went on a two-week International Service Learning (ISL) medical mission trip to Lima, Peru with various health professional students from The University of Toledo. During the mission trip Kemi gained cultural awareness through service-based learning and plans to apply her knowledge and experiences throughout her pharmacy career. She is currently working on projects with major advisor Dr. Sharrel Pinto and is excited for the upcoming academic year!

**Matthew Jordan**

[Matthew.jordan2@rockets.utoledo.edu](mailto:Matthew.jordan2@rockets.utoledo.edu)

### **Education**

Bachelor of Science in Pharmaceutical Sciences Majoring in Pharmacy Practice and Minor in Chemistry, The University of Toledo College of Pharmacy and Pharmaceutical Sciences (2012-2015).

Doctor of Pharmacy, The University of Toledo College of Pharmacy and Pharmaceutical Sciences (2015-Present)

M.S. in Pharmaceutical Sciences (Health Outcomes and Socioeconomic Sciences), The University of Toledo, College of Pharmacy and Pharmaceutical Sciences (2015-Present)

### **Biographical Sketch**

Matt Jordan is currently a P4 in the Doctor of Pharmacy (Pharm.D) program and a dual-degree M.S. student in Health Outcomes and Socioeconomic Sciences at the University of Toledo College of Pharmacy & Pharmaceutical Sciences. Before coming to the program in the fall of 2012, Matt was a student-athlete at Chicago State University in Chicago, IL participating in cross-country and track under scholarship. He currently holds seven of the school's distance records across the two sports. During his three years, he worked as the lead student researcher in the Center for Microwave Enhanced Chemistry with Drs. Robert Richter and Samuel Bowen, developing methods for the explanation of the microwave effect on solid semiconductor powders. Matt now brings his past research experience in chemistry and biological sciences into the realm of pharmaceutical care and health outcomes.

Matt is the clinical liaison to the University of Toledo Institute for Healthcare Improvement (IHI). He is also the former President of the Beta Lambda Chapter of Kappa Psi Pharmaceutical Fraternity, Inc., and Vice President of Phi Lambda Sigma Pharmacy Leadership Society and Immediate Past President for the College of Pharmacy and Pharmaceutical Sciences Pharmacy Student Council.

Currently, he has research interests in humanistic outcomes (quality of life, work productivity), medication adherence and taking behaviors, and transplant pharmacotherapy and allograft survival outcomes. In addition to working in PCOR with major advisor Dr. Sharrel Pinto, Matt works jointly with the University of Toledo Medical Center Department of Urology and Transplant. He is actively seeking to pursue a two-year specialization residency in solid organ transplant.

**Janvi Sah**

[Janvi.sah@utoledo.edu](mailto:Janvi.sah@utoledo.edu)

### **Education**

Bachelor of Pharmacy, Bombay College of Pharmacy, University of Mumbai, India (2011-2015)

M.S. in Pharmaceutical Sciences (Health Outcomes and Socioeconomic Sciences), The University of Toledo College of Pharmacy and Pharmaceutical Sciences (2015-2017)

### **Biographical Sketch**

During her bachelor days, Janvi worked as the Editorial Assistant for Pharma Times, an official monthly news magazine of the Indian Pharmaceutical Association. She was also a part of the steering committee for setting up the International Society of Pharmacoeconomics and Outcomes Research Student Chapter at Bombay College of Pharmacy. As an undergraduate student she presented a poster on “Policy Evaluation of Anti-hypertensive drugs in Mumbai, India” at the ISPOR 6th Asia-Pacific Conference. Currently she is working as a Teaching Assistant under major advisor Dr. Sharrel Pinto.

### **Education**

Bachelor of Pharmacy, Bombay College of Pharmacy, University of Mumbai, India (2011-2015)

M.S. in Pharmaceutical Sciences (Health Outcomes and Socioeconomic Sciences), University of Toledo, College of Pharmacy and Pharmaceutical Sciences (2015-2017)

### **Biographical Sketch**

During her bachelors, she was an active member of the Indian Pharmaceutical Association – Students’ Forum (IPA-SF). She also served as the Public Health Officer (PHO) wherein she organized many community events like blood donation drives, seminars on importance of healthy eating for diabetic patients and Anti-Tuberculosis drives. During her bachelors degree she gained experience working as an intern at Department of Analytical and Formulation Development, Scientific Pharmacy, India. She presented posters on “Encumbrance to the Treatment of Osteoporosis: Physicians and Patient Perception” at the International Society of Pharmacoeconomics and Outcomes Research (ISPOR), 6th Asia Pacific Conference, Beijing, China, and “Increased prevalence of Gastro-intestinal disorders: Monitoring coliform count in potable water” at the (ISPOR)-India Chapter, Third international Conference, Delhi, India. She is currently working as a teaching assistant under advisor Dr. Varun Vaidya.

**May Alskaabi**

[May.alskaabi@rockets.utoledo.edu](mailto:May.alskaabi@rockets.utoledo.edu)

### **Education**

Bachelor Degree of pharmaceutical sciences from College of pharmacy, King Saud University, Riyadh, Kingdom of Saudi Arabia (2005-2010)

M.S. in Pharmaceutical Sciences (Health Outcomes and Socioeconomic Sciences), The University of Toledo College of Pharmacy and Pharmaceutical Sciences (2015-Present)

### **Biographical Sketch**

Miss May Alskaabi joined King Faisal Specialist Hospital and Research Center as an inpatient pharmacist (pharmacist II) after an intensive year of training in one of the best healthcare organization in the Middle East. She got promoted last year to pharmacist I.

During her training she did a lot of presentations such as: “Management of Epilepsy During Pregnancy” and a case presentation talking about: “Amiodarone Induced Pulmonary Toxicity” as a part of her clinical rotation in the intensive care unit. She’s been a part of several projects till she had the chance to lead her own one entitled (Optimizing pharmacy/nursing communication) which aims to enhance communication between pharmacists and nurses working in critical care areas, eliminate distraction for both sides to ensure prim health care reaches ICU patients, and finally to reduce wastage of medication.

May is interested in pharmacoconomics, and after graduation aims to become the missing link between the pharmacy division and the supply chain management division to provide cost conscious decisions regarding formulary management, and forecasting and planning the pharmaceutical budget. She’s interested in doing MUE (Medication use evaluation), preparing guidelines and fixing price quotations. She is currently working as a research assistant under advisor Dr. Varun Vaidya.

### **Research Interest**

- Pharmacoconomics
- Health Related Outcomes Research

## **Mohammad Abdullah**

[Mohammadabdullah.alowairdhi@utoledo.edu](mailto:Mohammadabdullah.alowairdhi@utoledo.edu)

### **Education**

Bachelor of Science in Pharmaceutical Sciences, King Saud University College of Pharmacy, Saudi Arabia (2005-2011).

M.S. in Pharmaceutical Sciences (Health Outcomes and Socioeconomic Sciences), University of Toledo, College of Pharmacy and Pharmaceutical Sciences (2015- Present).

### **Biographical Sketch**

Mohammad worked as an intern with the Saudi International Trading Company Ltd. (SITCO Pharma) in 2009, the Kingdom hospital in 2010. He also participated with the Saudi charitable association of diabetes in “The National Day for Diabetes 2010.” In addition, he worked on an “Anti-Biotics Dispensing OTC in Saudi Arabia’ project in 2011. He acquired his license from the Saudi Commission for Health Specialties in 2011. In Apr. 2011, he joined the Saudi Food and Drug Authorization, within the pricing and pharmacoeconomics department under the licensing executive department, drug sector. He is a senior pharmacist at the SFDA, and has been a member of the “Pricing Committee” since 2013. He is a member of ISPOR and has attended the “ISPOR 15th Annual European Congress” in Berlin (2012). He acquired a scholarship in 2015 to complete his education in pharmacy administration. He joined the University of Toledo to pursue his Masters in Health Outcomes and Socioeconomic Sciences in Fall 2015, and is now working with Dr. Varun Vaidya on new projects in the field of pharmacoeconomics and health outcomes sciences.

### **Poster Presentations**

**Alowairdhi M, Vaidya V.** “Cost-effectiveness of Sofosbuvir Regimens vs Sofosbuvir/Letipasvir Based Regimens in the Treatment of Chronic Hepatitis C Genotype 1 and Genotype 4 in the USA: A systematic review” 17th Annual Midwest Social and Administration Pharmacy Conference, August 2016, Ann Arbor, MI

### **Research Interests**

**Angela Simon**

[Angela.simon@rockets.utoledo.edu](mailto:Angela.simon@rockets.utoledo.edu)

### **Education**

Bachelor of Science in Pharmaceutical Sciences with a minor in Chemistry, The University of Toledo College of Pharmacy and Pharmaceutical Sciences (2012-2016)

Doctor of Pharmacy, The University of Toledo College of Pharmacy and Pharmaceutical Sciences (2016-Present)

M.S. in Pharmaceutical Sciences (Health Outcomes and Socioeconomic Sciences), The University of Toledo, College of Pharmacy and Pharmaceutical Sciences (2016-Present)

### **Biographical Sketch**

Angela is currently a P3 in the Doctor of Pharmacy program and a dual-degree M.S. student in Health Outcomes and Socioeconomics Sciences at the University of Toledo. She was fortunate enough to spend a year doing undergraduate research with the faculty and students in the PCOR lab. The opportunities she had during this year cemented her desire to apply for the master's program.

Angela serves as the President of the UT Academy of Managed Care Pharmacy Student Chapter. She is an active member of APhA-ASP where she is the former Financial Vice President and is a new member in the International Society for Pharmacoeconomics and Outcomes Research (ISPOR). Angela presented her first poster at ISPOR's annual meeting this past May. She is currently working on projects with major advisor Dr. Sharrel Pinto and is excited for the upcoming academic year!

**Rebekha Panak**

[Rebekha.panak@rockets.utoledo.edu](mailto:Rebekha.panak@rockets.utoledo.edu)

**Education**

Doctor of Pharmacy, The University of Oklahoma Health and Science Center, Tulsa Campus, Oklahoma (2011-2016)

Community-based Health Outcomes Fellow, Toledo Family Pharmacy and The University of Toledo, College of Pharmacy and Pharmaceutical Sciences (2016-Present)

M.S. in Pharmaceutical Sciences (Health Outcomes and Socioeconomic Sciences), The University of Toledo, College of Pharmacy and Pharmaceutical Sciences (2016-Present)

**Biographical Sketch**

While obtaining a PharmD at The University of Oklahoma, Rebekah worked as an intern for an independent pharmacy where she developed a diabetes self-management training program. During this time she created educational materials, including supplemental handouts and resources for patients. In addition, she outlined procedures for patient intake, charting, and monitoring for measures of efficacy. She also had the opportunity to collaborate with other healthcare professionals and assembled an advisory board committee for the program. The American Association of Diabetes Educators (AADE) accredited the program in February 2013.

As the inaugural fellow of the Community-based Health Outcomes Fellowship, Rebekah hopes to expand her knowledge on the impact of medication therapy management (MTM) programs on patients and healthcare costs. She also hopes to improve her skill set in developing and implementing new MTM programs at Toledo Family Pharmacy.

**Research Interests**

- Health-Related Outcomes Research
- Medication Therapy Management (MTM)

**Ruchira Mahashabde**

[Ruchira.mahashabde@rockets.utoledo.edu](mailto:Ruchira.mahashabde@rockets.utoledo.edu)

### **Education**

Bachelor of Pharmacy, Bombay College of Pharmacy, University of Mumbai, India (2012-2016)

M.S. in Pharmaceutical Sciences (Health Outcomes and Socioeconomic Sciences), University of Toledo, College of Pharmacy and Pharmaceutical Sciences (2016-2018)

### **Biographical Sketch**

During her Bachelor days Ruchira was an active member of the Indian Pharmaceutical Association. She worked as an Associate Public Health Officer and was responsible for organizing a variety of campaigns pertaining to the betterment of health and quality of life. She was also an office bearer, positioned in the Board of Directors of the Students' Chapter of International Society of Pharmacoeconomics and Outcomes Research (ISPOR) functional in Mumbai, India. During her Bachelor's degree, she gained hands on industrial experience working as an intern at Watson Pharma Ltd. (Actavis Inc.), India.

Currently she is working as a teaching assistant with major advisor Dr. Varun Vaidya

- Health related Outcomes Research

## **Kelsey Dorka**

[kelsey.dorka@rockets.utoledo.edu](mailto:kelsey.dorka@rockets.utoledo.edu)

### **Education**

Bachelor of Science in Pharmaceutical Sciences Majoring in Pharmacy Administration, The University of Toledo College of Pharmacy and Pharmaceutical Sciences (2011-2016).

M.S. in Pharmaceutical Sciences (Health Outcomes and Socioeconomic Sciences), The University of Toledo, College of Pharmacy and Pharmaceutical Sciences (2016 - present).

### **Biographical Sketch**

Kelsey Dorka began studying pharmaceutical sciences upon her acceptance into The University of Toledo in 2011. Throughout her journey she has interned at UTMC's Compliance and Privacy Office, as well as maintained a position as a Senior Certified Pharmacy Technician with Walgreens Co. Kelsey also conducts American Society of Health-Systems Pharmacists—accredited courses for the 12 Toledo-area Walgreens stores so that pharmacy technicians may sit for the Pharmacy Technician Certification Exam and become nationally certified through the Pharmacy Technician Certification Board. She plans to ultimately achieve a teaching certificate during her participation in the HOSS program. Currently, Kelsey is working as a Teaching Assistant under major advisor Dr. Sharrel Pinto and Dr. Monica Holiday-Goodman.

### **Research Interests**

- Medication Adherence
- Socio-behavioral Research
- Medication Therapy Management
