(A) Policy statement

The University approved purchasing card (P-Card) is a University credit card issued in the name of authorized, trained individuals to purchase certain eligible goods and services in support of the University of Toledo. The P-Card is both a procurement and payment tool and provides an effective, cost-efficient method for employees to procure goods and services up to the maximum credit line authorized. All cardholders must use the card responsibly and in a manner consistent with the University’s policies and procedures and within the standards of the Ohio ethics law. Personal purchases are strictly prohibited. As a public institution, the University is held to a high degree of public scrutiny and accountability for its business practices. Improper use of the P-Card may result in disciplinary action up to and including termination of employment.

(B) Purpose of policy

The purpose of this policy is to ensure that all individuals authorized to conduct purchasing and payment activities with the P-Card do so responsibly and are audited regularly for compliance with the following specific policies (Procurement; Membership, Dues and Subscriptions; Research and Sponsored Programs; Travel and Business Expense Reimbursement), and any other applicable University policies. The P-Card provides an efficient tool used to reduce administrative burden and costs, but it also exposes the University to risk. This policy outlines the responsibilities and controls to mitigate the risk.

(C) Card Limits and Eligibility

Card limits will be determined by Accounts Payable based on type and volume of usage. Properly trained University of Toledo employees are eligible for a P-Card. Non-employee affiliates will be reviewed by Accounts Payable on a case-by-case basis.

Regardless of card limit, purchases over $5,000 must be approved in writing by the Associate Vice President of Finance (for non-goods and services purchases, such as travel purchases) and by the Sr. Director, Supply Chain (for goods and services purchases).
Limits for P-Cards issued to research and sponsored funded programs will follow the then current limit as outlined in OMB Uniform Guidance (2 CFR Part 200).

For administrative purchases, University departments are encouraged to limit the number of cards issued and utilize singular cards to support all department employees.

For travel, each individual traveler is required to use a P-card for travel. Undergraduate and Graduate students are an exception, and should use a department card for travel.

All P-Cards will be reviewed on a scheduled basis for inactivity. If there is no activity in a 12-month period, the P-Card will be inactivated for non-use.

(D) Roles and Responsibilities

Definitions:

Cardholder – an individual who has received approval to hold a P-Card in the University’s name to make appropriate purchases of goods or services in alignment with departmental needs.
