(A) Policy statement

Patient visitors are an essential component of the healing process and integral to maintaining a therapeutic milieu.

(B) Purpose

To protect the privacy and safety of patients and maintain a therapeutic milieu.

(C) Procedure

- (1) Visiting hours are maintained and managed by the Inpatient Behavioral Health Unit staff.
- (2) If the visitation hours do not meet the needs of the patient’s family/friends, another block of time ~~will~~may be designated with the approval of the Administrator/Charge Nurse/Designee.
- (3) All visitors must sign in arrival and agree to keep confidential the names and situations of other patients on the unit. All visitors’ identities are verified prior to permitting them to enter the unit.
- (4) If problems arise with visitors on the unit, the Administrator/Charge RN/Designee evaluates the need for security involvement. Every effort will be

made by staff to resolve the issue to preserve the dignity and safety of all patients and visitors without involving security.

- (5) All visitors' belongings are stored upon in secured lockers prior to entering the unit. ~~Visitors are educated about items considered unsafe for the unit and encouraged to leave all items outside the unit.~~
- (6) No outside food or drink is allowed.
- (7) If visitation is contraindicated due to patient condition, the physician will document the reasons in the medical record. The individualized treatment plan should reflect the restriction as well as with goals to reintroduce visitation.
- (8) Visitors found to be bringing contraband will be asked to discard the item (food or drink, smoking material), ~~or~~ or remove it from the environment immediately. Refusal to do so will result in termination of visiting privileges for that person.
- (9) The Administrator/Charge Nurse/Designee reserves the right to limit the numbers of visitors, the hours of visitation or cancel visitation for the day for legitimate therapeutic reasons.
