Key words: psychiatry, informed consent, risk, benefit, minors, advance directives			
	New policy proposal	X	Minor/technical revision of existing policy
	Major revision of existing policy		Reaffirmation of existing policy

(A) Policy statement

The University of Toledo Medical Center ("UTMC") recognizes that every competent adult has the right to determine what will be done to their person, including the right to informed consent, to accept or refuse treatment, and to execute psychiatric advance directives (PAD).

(B) Purpose of Policy

To establish a uniform procedure by which UTMC will inform the patient of their right to self-determination and advance directives and to document the existence of any advance directive.

(C) Procedure

- (1) Adult patients with serious mental illness receiving services from the department of psychiatry outpatient clinic will be asked if they have a psychiatric advance directive (PAD); and if patient requests, will be provided information regarding their PAD rights, and resources available to assist in formulating their PAD. Any responses will be documented in the EMR.
- (2) If a patient brings a copy of the ir PAD, a copy will be scanned into the EMR;
- (3) If a patient states they have a PAD but did not bring it with them, staff will ask the patient to bring a copy to the next visit;

Psychiatric advance directives

- (4) UTMC will honor psychiatric ~~advanced~~advance directives unless revoked or temporarily suspended.
- (5) Clinical staff who are involved in the care, treatment, or services provided to ~~that~~ an adult with a PAD, are aware that the PAD exists and knows how to access it.
