New policy proposal Minor/technical revision of existing policy Major revision of existing policy X Reaffirmation of existing policy			

(A) Policy Statement

In the event a deficiency is incorrectly assigned to a physician, the deficiency will be manually reassigned to the correct physician.

In the event that a physician is unable to complete dictation deficiencies assigned to him/her due to illness, death or a physician's departure from the area, the department chair will be asked to sign the deficiency or assign another physician to the deficiency.

(B) Purpose of Policy

To provide the HIM Department with a standardized method of securing complete and accurate medical records when extenuating circumstances impede the usual process of medical record completion.
