Effective Date: 3/1/2022 Initial Effective Date: 8/25/2010	
<input type="checkbox"/> New policy proposal <input type="checkbox"/> Major revision of existing policy	
<input type="checkbox"/> Minor/technical revision of existing policy <input checked="" type="checkbox"/> Reaffirmation of existing policy	

(A) Policy Statement

The University of Toledo Heart and Vascular Center will maintain a standard format to follow for Head-Upright Tilt Table procedures.

(B) Purpose of Policy

To give the RNs guidelines and indications for when to call the physician in order to maintain patient safety.

(C) Procedure

Listed below are indications for when to call the MD prior to patient discharge from the Lab according to the policy on Test Results-Turnaround Time.

1. Prolonged asystole
2. Convulsive seizure activity
3. Syncope
4. Unstable once supine

These will be recorded in the Critical test folder located on the Z drive of our computers.
