(A) Policy Statement

All publications or literature generated for external publication by nursing personnel as representatives of UTMC must be approved.

(B) Purpose of Policy

To promote and ensure the quality and uniformity of the publications.

(C) Procedure

1. A draft of the proposed publication or literature, along with a brief explanation of purpose and distribution, will be presented to the CNO.

2. The CNO or designee will review and collaborate with appropriate responsible persons, may recommend revisions, and then approve or deny the publication.
