|  | <input type="checkbox"/> Major revision of existing policy | <input type="checkbox"/>  | <input type="checkbox"/> Reaffirmation of existing policy            |

(A) Policy statement

Medications that are needed immediately from the pharmacy to provide urgent care to the patient must be requested as STAT.

(B) Purpose of policy

To provide safe care in a timely manner. To ensure that medications are accessed by the pharmacy in the most efficient manner.

(C) Procedure

- (1) A medication that is urgently needed for patient care at Kobacker should be ordered as STAT.
- (2) A follow-up phone call at extension 4080 to pharmacy should be made to assure that the order was received.
- (3) The medication will then be delivered to the Kobacker building by pharmacy staff.

If pharmacy staff are unable to deliver the medication to the Kobacker building, a Kobacker RN will pick up the medication from the pharmacy, sign for it, and promptly return the medication to the Kobacker building.
