Connecting research to youth employment opportunities in neighborhood: Student Resource XI

A. Assume that you are asked to serve as a liaison between students, employers and city officials. Think about the various elements associated with finding a job.

Student Resource XI

1. What are the barriers to a young person (ages 14-18) in your community finding a job?

2. List your suggestions to address the problems

3. Create a PowerPoint presentation to provide concrete suggestions to your city's planning department or the mayor
