## V. Connections/Extend:

Real World Experience

- A. Assume the roles of different community stakeholders to investigate the context of your neighborhood. You can use historical maps or old newspaper articles online to understand the history of current challenges.
- B. Please list the main stakeholders in the development of your city and provide a one sentence description of what each can do to increase youth job opportunities.Student Resource XIII

| Stakeholder | 11ine description                     |
|-------------|---------------------------------------|
| Stakenolder | Time description                      |
|             |                                       |
|             |                                       |
