**RESIDENCE HALL STAFF**

**DIRECTOR OF RESIDENCE LIFE** is a full-time professional charged with the oversight of University Housing and the Office of Residence Life. The director provides direction, administration and management leadership to professional and student staff in the department. The director of each hall also lives in that residence hall.

**AREA COORDINATORS** are full-time, live-in, professional staff responsible for supervision of all hall directors and the overall management and administration of designated residence hall areas. They provide the coordination of area-wide residence hall tasks, including program and procedure development, implementation and assessment.

**HALL DIRECTORS** are full-time, professional staff responsible for overseeing the day-to-day activities of the residence hall, administrative operation of the facility and supervision of graduate assistant hall directors, resident advisers, and front desk staff. They provide leadership and direction to our comprehensive student development program and are available to assist residents with personal, academic and social concerns as they adjust to life on campus. Hall directors live in the residence halls.

**GRADUATE ASSISTANT HALL DIRECTORS** are part-time staff members who assist hall directors with building administration and programming efforts. They live in the residence halls.

**CLERICAL SPECIALISTS** are staff who manage the front desk during business hours. They are responsible for handling mail and keys, as well as assisting hall directors in the overall administration of buildings.

**RESIDENT ADVISERS** (RAs) are student staff who help foster community spirit on each floor, serve as great resources, assist with roommate concerns and uphold University policies where they live. These are the staff members you will probably know best. Their goal is to get to know all of their residents individually to help develop their communities.

**VILLAGE RESIDENT ADVISERS (VRAS)** are student staff who help foster community spirit in each house of McComas Village, serve as great resources, assist with roommate concerns and uphold University policies where they live. These are the staff members you will probably know best. Their goal is to get to know all of their residents individually to help develop their communities.

**FRONT DESK WORKERS** are student staff who help operate the 24-hour front desks in each residence hall. They distribute mail, check out equipment, record maintenance requests, assist residents who have locked themselves out of their rooms and answer questions.
GETTING INVOLVED ON CAMPUS

RESIDENT STUDENT ASSOCIATION (RSA): Each residence hall council elects members to serve as part of this organization. Members from all halls meet to discuss policies and activities, such as Lil Sibs Weekend and the Halloween Walk.

HALL COUNCIL: These members are elected to plan social and educational programs for all community residents, as well as participate in discussions about important issues. Hall Council is an easy, fun way to get involved and meet many more people in your community. Any student can run for a position in his/her assigned residence hall.

NATIONAL RESIDENCE HALL HONORARY (NRHH): These members are composed of the top 1 percent of student leaders within the residence halls, and have held positions in RSA, and/or hall council or have been resident advisers (RAs). The goal of the NRHH is to recognize the impact individuals make in the UT residential community.

CAMPUS ACTIVITIES AND ORGANIZATIONS: During fall and spring semesters, you will have the opportunity to attend an event that showcases several student organizations and community agencies. This event gives students the opportunity to get involved, join an organization, volunteer their time, have a great time and get to know other students on- and off-campus. You can join a student organization of your choice at any time. For a list of student organizations, visit: utoledo.edu/studentaffairs/osi.

VOLUNTEER PROGRAMS: You can help build a house, teach children to read, transcribe for the visually impaired, hand out candy when young children visit during Halloween and more. In addition, you can participate in service-learning programs sponsored by the Office of Residence Life. See your hall director for more information.
**TRADITIONS**

**WEEKS OF WELCOME:** The University community welcomes students back with six weeks of events at the start of fall semester. Students should take advantage of these events to get better acquainted with campus, meet new friends and find an organization to join.

**CONVOCATION:** The new school year kicks off with a celebration of new students. Each new member of the Rocket community is given a pride pack and invited to a cookout afterward.

**HOMECOMING:** Homecoming is UT’s longest-standing tradition. As the University community celebrates the big game, our residence halls get a jolt of Rocket pride and spirit through participating in the parade, decorating their lobbies and a variety of other activities.

**BLACKOUT:** Annually, each residence hall’s energy consumption is monitored and compared to the previous year’s energy consumption. The residence hall that shows the most improvement wins!

**RESIDENT APPRECIATION WEEK:** Each semester during the school year, Residence Life plans a week of fun, games and events in the residence halls and across campus.

**LIL SIBS WEEKEND:** During spring semester, Residence Life invites your siblings to enjoy a weekend of activities planned especially for them. Each hall coordinates a special event that celebrates our UT family.

**SONGFEST:** Songfest, UT’s second-oldest tradition, began in 1937 with a group of six fraternities singing old college songs on the lawn behind University Hall. Women began their own singing competition in 1940 that consisted of sororities and one independent group performing choral arrangements. Songfest has continued to expand since its inception. More groups now participate, awards ceremonies are held and lavish production numbers are prepared.

SAFETY, SECURITY, AND EMERGENCY INFORMATION

UT Police (Call 419.530.2600, not 911)
The University of Toledo Police Department (UTPD), housed on campus, responds to all emergency situations in the residence halls. Do not call 911 for emergencies occurring inside the residence halls. Call ext. 2600 (or 419.530.2600 if using a cell phone). You also may use the blue emergency phones located by sidewalks around campus to reach UTPD. For non-life threatening emergencies inside residence halls, simply contact your front desk (open 24-7) or call ext. 2601 (419.530.2601 if using a cell phone).

Safety and Security
All residents should assume responsibility for ensuring safety and security within University residence facilities. For your safety and security, please follow all Residence Life policies, University policies and federal and state laws.

Residence Hall Access
Each resident has access only to his or her assigned residence hall. Access to the residence halls is restricted to residents, escorted guests and authorized University personnel. All guests must register at the front desk and be escorted by residents of the building at all times. Residents must carry their Rocket IDs at all times to enter their assigned residence halls.

Propping Doors
Residents may not prop any residence hall or room entrance/exit doors, which are intended to remain closed and/or locked for safety and security reasons. Students found propping doors will be subject to student conduct charges.

Door Closures
All exterior doors, excluding the main entrance of each residence hall, automatically locks between midnight and 6 a.m. Students found opening or propping exterior doors during these restricted hours will be subject to student conduct charges.

Fire Evacuation
When the fire alarm is activated, all residents and guests must immediately leave the building using the nearest stairs and exits. Do not use the elevators. Follow the directions of the residence hall staff, police or fire department personnel. Rooms may be checked to confirm evacuation of all occupants. The University of Toledo reserves the right to conduct fire drills in the residence halls during the academic year. Failure to evacuate the building during a fire alarm will result in disciplinary action, including a $50 student conduct charge.
Fire-Safety Equipment

Fire-safety equipment (including pull stations, smoke detectors, sprinkler systems, exit signs, fire extinguishers and fire hoses) is provided for the safety of building occupants. Fire-safety equipment should be used only to alert occupants of a real fire or to extinguish a real fire. Residents are expected to avoid careless and inappropriate behavior near fire-safety equipment that could activate the fire alarm system.

Anyone who intentionally activates the fire alarm system when there is no fire is subject to prosecution through the criminal court system and/or student conduct charges. The expected sanction for such a violation is suspension from the University for a minimum of one semester and remuneration of costs incurred.

Anyone who tampers with fire-safety equipment or removes it from its proper location, other than for proper use, is subject to disciplinary action. The minimum University sanction for a first-time violation is a $50 student conduct charge and may result in removal from a residence hall.

Window and Screen Safety Regulations

For safety purposes, window screens must not be removed or opened, nor should any attempt be made to open windows that are permanently closed. Do not drop or throw anything out a residence hall window, including trash, or one will be subject to student conduct charges. Do not enter or exit any buildings through the window. There is a $20 screen reinstallation charge. Repair and/or replacement can cost up to $40 per screen.

Tornado Safety

In the event of a tornado, residents and their guests are expected to follow the established tornado-warning guidelines of each residence hall and/or directions from staff. Generally, designated tornado-safety areas are located on lower levels of the residence halls. Failure to comply with the safety regulations will result in a student conduct hearing and possible sanction.

Residence Life Hazardous Condition

If you suspect that any rooms/suites contain nuisance-type conditions (mold, mildew, unpleasant odors, etc.) it is your responsibility to report the condition to the hall/village front desk as soon as possible. The front desk will contact Health and Safety immediately to assess the condition. Rooms/suites suspected of containing these conditions may be vacated until the University has evaluated the condition. The hall director will relocate affected students in cases that require evacuation.

Dangerous Materials

Residents may not possess or use dangerous materials, such as explosives, firecrackers, ammunition, smoke bombs, flammable chemicals including, but not limited to, gasoline, propane and/or other combustibles. These items are not permitted inside residence halls, nor should they be delivered to your residence
hall address. No student shall intentionally ignite or threaten to ignite substances in or near residence halls or apartment buildings, including parking lots. This includes camp fires, bonfires and any sort of fire set in or near the residence halls.

**Environmental Safety**

Residents must adhere to federal, state and University regulations regarding environmental safety. Residents are responsible for the proper disposal of personal, room and/or suite waste into appropriate waste containers. Intentionally, negligently or recklessly exposing someone to hazardous waste as determined by the law or University policy is strictly prohibited. Violations of the environmental safety policy include, but are not limited to the following:

1. Inappropriate use, storage and/or disposal of chemicals, paints, bleach, cleaning products, flammable or combustible items, etc.
2. Inappropriate disposal of sharp objects (needles, syringes, broken glass, razor blades, fluorescent bulbs, etc.).

None of these items should be shipped, delivered or brought to your residence hall.

**Incense and Candles**

Burning items such as incense, scented oil, candles with open flames or embers and/or natural fuel (oil, kerosene, gasoline, propane and charcoal) is prohibited in residence hall rooms/suites and public areas, including surrounding parking lots.

**Health Hazards**

Items such as soiled clothing, rotten or expired food, dirty bathroom facilities (dirt, mold, mildew, etc.) and the noxious odors emanating from such, pose serious health hazards to the community and are prohibited. Residents living in suite-style housing must clean their showers and bathrooms regularly. All residents are expected to clean their rooms, refrigerators/microwaves and empty their trash. Rotten or expired food should be discarded immediately. Cleaning supplies are located at the front desk in suite-style residence halls. All front desks have brooms, dust pans and vacuum cleaners.
Night Watch (safety escort service)
Students traveling on campus during the evening hours can utilize the Night Watch staff. Trained escort teams of two people carry two-way radios that keep them in contact with University Police as they accompany students across campus. To request an escort, call 419.530.3024 (on-campus ext. 3024).

Campus Safety Programs – UT Alert
Because safety is our first priority, numerous programs covering topics such as self-defense, common sense precautions, emergency phones on campus and more are offered throughout the year. Residents also are encouraged to sign up for UT Alert, a campus-wide system that provides timely notifications about emergent situations affecting campus, including weather cancellations, crime alerts and other unexpected events. Signup is quick and convenient on UT’s website.
Residents must abide by the policies and procedures set forth in the contract terms and conditions, residence living guide, student handbook and all other University of Toledo policies. Failure to do so will result in a conduct violation hearing, which includes a non-negotiable $25 administrative fee for students found in violation of the Student Code of Conduct.

Drugs, Alcohol and Paraphernalia Regulations
The use, possession and/or intent to sell, transport, deliver, distribute, exchange or manufacture illegal drugs or being under the influence of narcotics or dangerous drugs, except those permitted by law and under medical supervision, are prohibited and strictly enforced. The person to whom the drugs are prescribed must use prescribed drugs appropriately. Drug paraphernalia, decorations and attire, including but not limited to bongs, pipes, roach clips, hookahs, rolling paper, neon lights, etc., are prohibited. The Office of Residence Life reserves the right to confiscate any items in violation of the policy and/or request removal of items from the residence hall. Students found to be in violation of this policy will be required to attend and pay for a drug awareness program and/or intense drug treatment (cost to be determined by the program). In addition, violators are subject to termination of their housing contracts.

Alcoholic Beverages
Federal law mandates that you must be 21 years of age or older to possess or consume alcoholic beverages. Below are specific residence hall policies concerning alcohol use:

- Residents 21 years of age or older are permitted to consume alcohol in rooms/suites with the door closed if residing in Presidents Hall, Ottawa House or the approved McComas Village houses. All other residence halls and McComas Village houses are alcohol-free, regardless of age.

- If a room/suite is shared by residents who are older than and younger than 21 years of age, it must be clear the alcohol is being consumed only by those who are 21 years of age or older. Alcohol containers must be labeled with the name(s) of the resident(s) who is 21 years of age or older. It is not enough if the label is written on the box; each beverage container must be labeled.

- No alcohol is permitted in the room/suite where all residents are younger than 21 years of age.

- Open containers of alcohol are not permitted outside a student’s room/suite in public areas such as hallways, lounges and University/residence hall grounds.
• No person may possess a common source of alcohol. A common source of alcohol is considered to be the equivalent of more than one 30-pack (30 12-ounce bottles or cans) of beer or malt liquor, more than 1.5 liters of wine, more than 750 ml of liquor, or any combination of alcoholic beverages with a total amount that exceeds the maximum allowed quantities above. This includes, but is not limited to, kegs and barrels.

• Kegs, beer bongs, party balls, wine boxes, beer pong tables and/or large alcoholic containers of any size are prohibited.

• Students found intoxicated on University grounds are in violation of the alcohol policy.

• Intoxication is not an acceptable excuse for misconduct or for infringement upon the rights of others.

• Engaging, involving, facilitating, arranging, encouraging or participating in activities for perceived and/or excessive, rapid consumption for the purpose of becoming intoxicated through the abusive use of alcohol is prohibited. Examples of abusive or perceived use of alcohol include, but are not limited to, drinking games, alcohol luges, keg standing, beer pong, funnels, etc. Perceived consumption includes participating in such activities with any substance.

Violations may subject the student to parental notification, alcohol assessment, participation in an educational awareness program and/or an intensive alcohol treatment with all associated program costs, and termination of residence hall contracts. After the first offense, parental notification will occur for residents younger than 21 years of age found with alcohol, intoxicated or transported to the hospital for alcohol poisoning.

**Damage, Disturbance and Distress**

Individual or group activities that may result in a disturbance or distress to others, or that cause damage or destruction to self or property, are prohibited. If there is damage to your room or the furniture that was not noted on your online inventory report, you will be responsible for the damage and get billed for it unless you can prove otherwise. Additional cleaning and damage charges may be assessed after checkout.

Every effort will be made to identify and charge individual(s) responsible for damage, disturbance and/or distress. When loss of or deliberate, malicious or accidental damage to property in common areas occur, and the responsible party cannot be identified, the residents of a unit, floor or wing may become collectively responsible for restoration costs.

Examples of behavior covered by this policy include, but are not limited to, noise; damage to building, laundry equipment or furniture; engaging in sports in the hallway, including using water guns and having water fights; smoking; graffiti; and publicly spoken or displayed materials that are pornographic, obscene, sexist, racist, homophobic, etc.

**Room Changes**

Room changes can be requested from the third week through the sixth week of each semester. Requests are granted on a first-come, first-serve basis and subject to space availability. Instructions on how to request a room change will be posted. Room changes must be completed within 48 hours of receiving permission to move. Residents must complete the necessary paperwork at both front desks. Unauthorized room changes may result in student conduct charges. Outside the room-change period, residents may change rooms only after approval by a hall director.

**Check Outs**

When checking out of your room, you must make an appointment with your V/RA to complete the check-out process, which includes returning your room/suite key, checking the room for damages and cleanliness, completing the online room inspection and signing necessary paperwork. Failure to follow this process may result in an improper check-out fee, plus cleaning costs and a minimum charge of $125 per lock change if the key(s) is not returned at check out.

- Room and meal plan refunds, if approval was given to break the University contract, will be credited to your student account when your room check-out paperwork has been processed.
• All furniture must be left in its original place, and the room must be cleaned and all of your belongings removed before the V/RA comes to complete the check-out.

• Check-out at the end of the semester — you must leave the residence hall within 24 hours after your last exam or by 8 p.m. Friday of exam week, whichever comes first.

• Details related to closing will be posted in your building. It is your responsibility to read and adhere to postings.

Remaining Occupants of a Room

When vacancies exist, the University reserves the right to assign new residents to fill those vacancies. In order to accommodate a new roommate, the resident of a partially-filled room is required to keep clear and make one set of furniture available for use and to keep the rest of the room clear and ready for occupancy. Failure to do so will result in a room buyout and a 45-percent-of-the-room-rate charge for the remainder of the contract period.

In a partially-filled room or suite, the Office of Residence Life may do the following:

1. Allow the resident to find a suitable roommate to fill the vacancy

2. Assign a new resident to fill the vacancy without prior consultation of the current resident

3. Allow the existing resident to pay the appropriate rate to buy out the double room as a single room only throughout the current contract period

4. Reassign the remaining occupant(s)

When a new roommate or suitemate is assigned, the current occupant(s) is expected to treat the new resident with respect as outlined in the Resident’s Rights and Responsibilities.

Failure to respect the new resident’s rights and responsibilities by any current occupant of a room is considered a policy violation and subject to student conduct charges.

Tampering with your room or common space ceiling is considered an act of vandalism. Violators will be held accountable through the student conduct process.

Public and Common Areas Guidelines
Students are responsible for the proper care and use of community property and facilities. Building/floor residents will collectively share financial responsibility for damage in public areas resulting from inappropriate behavior when persons responsible for the damage are known to be building/floor residents, but not identified.

The front desk will not call the individual upon delivery. Local food establishments may deliver orders to the lobby. Room deliveries are not permitted. Illegal items, explosives, weapons and drugs will be confiscated if delivered to the residence hall.

Room Keys
Residents are expected to secure their keys at all times. Immediately report lost keys to the residence hall front desk and obtain a temporary administrative key. Room, suite and building keys must remain in possession of the resident to whom the key(s) was assigned and may not be duplicated or loaned to others. Students must return all keys in person when they check out of their rooms. Be certain your keys are recorded on the resident data card when you check out.

Residents who are locked out and need to use an administrative key(s) must return the key(s) immediately after unlocking their room/suite door(s) and must show that they have possession of their room and/or suite key(s). After 30 minutes, failure to follow the procedure will result in activating the lost key process and associated lock change charges (minimum of $125 per key).

To encourage responsible use of room/suite key(s), the following schedule of fees applies for use of the administrative key. This fee will be charged to your student account:

1ST USE: No charge

You may leave your belongings in your room over winter break. The University and residence hall policies, regulations and Student Code of Conduct are in effect during break periods. Please note that if you receive permission to stay in a residence hall during the semester break, you might be required to move to an open building.

Each resident desiring end-of-semester break housing must complete a request to stay/transition housing request and receive approval by the posted dates. The resident will be assessed a fee per night. Transition housing is limited and will be available in a temporary space that will be shared with other students. Food service is not typically available during break periods. Residents may not have guests during break periods.

- Violation of any state, University or Residence Life regulations by a guest

Hosts assume full responsibility for the behavior and activities of their guest(s), regardless of whether the host is present to observe the behavior of the guest(s). For safety and security reasons, hosts are expected to accompany their guests at all times.

Guests are required to register at the residence hall front desk. They are to check out at the same location when the visit is complete. Overnight guests cannot be younger than 6 years old.

**Quiet Hours Guidelines**
Certain hours of the day have been designated as “quiet hours" for all residence halls:

**SUNDAY – THURSDAY:** 10 p.m. – 10 a.m.

**FRIDAY – SATURDAY:** Midnight – noon
Some buildings/floors may establish, through community agreement, extended quiet hours in addition to those listed. During final exams week, 24-hour quiet hours are in effect in all residence halls beginning at 12:01 a.m. the Saturday prior to finals week and ending at noon the Friday of finals week. During quiet hours, noise should not be heard outside the room door or window.

**Courtesy Hours**

While there are standard quiet hour guidelines, courtesy hours are in effect 24-hours-a-day and require that all sound be kept to a reasonable level without disturbance to other members of the community.

**Pets**

Pets are not permitted in residence halls, with the exception of assistance animals and fish kept in properly maintained aquariums no larger than 20-gallon total capacity per room. Removal of fish during break periods is required.

**Computer Labs**

Students must use only their assigned login/access codes and are not permitted to send, receive or view pornographic materials via the computer labs. To review the complete Responsible Use Policy, visit [utoledo.edu/policies/administration/info_tech](utoledo.edu/policies/administration/info_tech).

**Copyrights and Piracy**

You may not share copyrighted material (i.e., music, video, software, etc.) or download it unless you buy it. Peer-to-peer communication on the University’s network is constantly monitored by the RIAA and MPAA (recording and motion picture industries). Violations can result in criminal charges and fines up to $250,000 per title.

More information on copyrights and piracy is at: [utoledo.edu/it/ns/security](utoledo.edu/it/ns/security).
GENERAL HOUSING POLICIES

Application Process
Applications for the next academic year (August – May) are available to current and potential residents during fall semester (October/November). An individual room selection process begins in March. Each resident will be assigned a time slot based on the date his or her housing contract was signed online. A $100 University housing deposit is required prior to a student selecting a space for the next academic year.

Housing Pre-payment Deposit Refund
The $40 application fee is non-refundable.

If you cancel on or before 5 p.m. on May 1, you will be refunded $100.

Room Assignments
If a vacancy in your room or suite occurs, it must remain a vacancy until it is assigned by the Office of Residence Life. Residents found spreading out to occupy more than one space are subject to student conduct charges.

Alternate Room Assignments
Alternative spaces are floor lounges converted to rooms, temporary triple, resident adviser rooms, rooms in McComas Village and/or rooms in a nearby hotel or apartment. Each resident is provided a full set of furniture. These are considered temporary assignments, and students are required to move within 48 hours once a permanent assignment has been identified. Students applying for University housing late in the summer before fall semester may be assigned to an alternative space.

Contract Duration
The contract for University housing and dining services is in effect for one academic year (August-May) or for one academic year if the academic program begins in a different semester/session, unless you are participating in a University-approved, off-campus academic assignment (student teaching, co-op, internship) or basic military training. The housing contract is in effect from the first day the residence halls officially open to the last day of final exams, excluding the break between semesters.

Contract Release
Students leaving The University of Toledo during the semester or at the semester break must submit an online Contract Release Request to the Office of Residence Life (available through the MyUT portal).
Students will be granted a contract release if:

1. The student is graduating or participating in an academic internship, practicum, co-op or study abroad program away from the Toledo area
2. The student is subsequently denied admission
3. The student is drafted or joins the United States Armed Forces
4. The student is released from his or her housing contract for medical reasons
5. The University is not able to provide on-campus housing space and does not provide other space

You must provide a complete description of the circumstances that have led to a contract release request and attach documentation to support your claim. You will be notified in writing as to the decision of your request for release within 5 days of the receipt of your request.

The resident’s contract continues to be in effect until the resident is notified in writing that the release is approved, all personal belongings have been removed, and the check-out process is completed. Residents who move out without prior approval or release from their housing contracts will remain in the system and be billed for the remainder of the contracts.

**Contract Release Refund**

Once the contract period begins, if a currently enrolled student has checked in to the residence hall and is granted a contract release before the end of the contract term, he/she may be responsible for room and board charges through the end of the semester, plus:

- $100 non-negotiable cancellation fee

Once the contract period begins, if a currently enrolled student has checked in to the residence hall and is not granted a contract release or is removed for disciplinary reasons before the end of the contract term, he/she will be responsible for room and board charges through the end of the housing contract.

For information on meal plans and refunds, visit: [utoledo.edu/mealplans](http://utoledo.edu/mealplans).

**Contract Denial or Cancellation**

A student’s residence hall application contract may be denied or terminated by the Office of Residence Life because of a past record of contractual violations. A student also may be administratively denied access to the residence halls.

Students who have been convicted or pled guilty to a felony offense defined as an offense of violence under section 2901.01(A)(9) of the Revised Code or which involve the use, sale or distribution of a controlled substance in violation of the Ohio Revised Code or other applicable law will not be permitted to reside in a University housing facility.
Immunizations
The University of Toledo has a mandatory MMR policy (measles, mumps and rubella). All incoming students and students living on campus must provide official documentation of receiving two MMR vaccinations. Documentation includes a copy of the immunization record, written statement on physician’s letterhead/script pad or high school records. Questions can be directed to 419.530.3493 and records faxed to the Main Campus Medical Center at 419.530.3499.

All incoming, international students with permanent addresses in tuberculosis-active countries are required to have tuberculosis tests prior to the first day of classes. Students must submit results to the Main Campus Medical Center at 419.530.3499.

Room Inspections
The residence hall/McComas Village staff and/or the Office of Health and Safety are authorized to conduct periodic room/suite/chapter house inspections to identify conditions potentially harmful to health and safety. The times for these inspections, except during break periods, will be announced in advance to allow occupants to be present. You will be given adequate time to correct identified deficiencies.

Search of a resident’s room may be authorized when there is reasonable cause to believe there is a violation of the Student Code of Conduct as set forth in the Student Handbook, the Ohio Revised Code or the guidelines in the Residence Living Guide. University police or Residence Life staff conduct the search under the following conditions:

a. Consent of the occupant(s) of the room; and/or
b. Presentation of a warrant issued by the appropriate legal body or agent; and/or
c. Permission to search by the director of Residence Life or designee

University officials, including Residence Life staff, reserve the right to enter residents’ rooms, locked or unlocked, at any time in response to an immediate threat to the safety and well-being of residents, physical integrity of the facility, or to address maintenance/occupancy issues.

Abandoned and Confiscated Property
This policy applies to

- Personal property left in the student’s room or in a public area by a student who vacates a room or without properly checking out with a staff member
- Items confiscated from a student by staff
Property left in a student’s room or public area will be removed, labeled and stored for 30 days. Residence hall staff will notify the student via email, telephone or mail to claim the collected items. After 30 days, the University may dispose of the abandoned property without legal liability.

NOTE: If ownership of the property constitutes a violation of policy, the item may be turned over to either University police or the Office of Student Conduct. Alternatively, the student may be required to dispose of the item.

**Housing Transfer**

Students may be required to move to another housing facility on or off campus. This may occur when circumstances do not warrant a student’s removal from campus, but suggest a new assignment may be important to promote the safety and welfare of the individual and the community.
